Candidate Guide to Campaign Finance
INTRODUCTION

This online guidebook was prepared by the Kentucky Registry of Election Finance to assist candidates, slates of candidates, and their treasurers in complying with Kentucky election finance laws. It is intended as a guide only, and in no way supersedes statutory provisions, administrative regulations or case law.

Whether you are a seasoned veteran or are seeking office for the first time, please study this guidebook carefully. It will prove to be an important resource which can be accessed online, day or night, providing such tools as a contribution limit chart, a reporting schedule, sample election finance statements, definitions, important forms, and other key tools for use by candidates in successfully following Kentucky's election finance requirements.

In an effort to make this guide available to the public in an accurate and timely manner, the Kentucky Revised Statutes and the Kentucky Administrative Regulations pertaining to campaign finance are not included in this guide. The campaign may access a copy of these and other valuable resources on the Registry's website (www.kref.ky.gov), or by contacting the office.

You will find our Registry staff eager to assist you at any time. If you have specific questions, please contact the Registry staff at (502) 573-2226. We look forward to working with you!

Advisory Opinions
KRS 121.135; 32 KAR 2:060

Any person or group requiring a clarification of the Kentucky campaign finance law regarding a specific activity or transaction that they plan to undertake may request an Advisory Opinion from the Registry. Advisory Opinion requests should be addressed to the General Counsel, Kentucky Registry of Election Finance, 140 Walnut Street, Frankfort, KY 40601. The Advisory Opinion process is explained in greater detail on page 117.

Registry Staff Assistance

Many questions about Kentucky campaign finance law do not require formal Advisory Opinions. Such questions may be addressed to trained Registry staff members by calling the Registry. The telephone number is 502-573-2226. Assistance from a Registry staff person does not have the legal effect of an Advisory Opinion.

Resources permitting, staff members are also willing to attend meetings and events to train individuals about Kentucky campaign finance law.
Free Publications

Available on the agency’s website, www.kref.ky.gov, the Registry publishes brochures and other publications on several aspects of Kentucky campaign finance law. These publications are prepared for all persons who may become subject to Kentucky campaign finance law, whether they are seeking office for the first time, seasoned veterans of the political process, or members of the general public who have an interest in participating in campaigns.

Candidates and slates of candidates are encouraged to use software to assist in storing of election finance data and completing election finance statements. A listing of approved filer software is available on the KREF website. Software can assist campaign treasurers in many areas, particularly in running error reports and avoiding problems that could lead to violations.

Important Notice

The Registry recommends a complete reading of the campaign finance laws contained in KRS Chapter 121 and the rules contained in Title 32 of the Kentucky Administrative Regulations.
Starting The Campaign

CANDIDATE
KRS 121.015(8)

“Candidate” means any person who has received contributions or made expenditures, has appointed a campaign treasurer, or has given his or her consent for any other person to receive contributions or make expenditures with a view to bringing about his or her nomination or election to public office, except federal office.

SLATE OF CANDIDATES
KRS 121.015(9)

“Slate of candidates” means any two (2) persons who have filed a joint notification and declaration pursuant to KRS 118.127, received contributions or made expenditures, appointed a campaign treasurer, designated a campaign depository, or given their consent for any other person to receive contributions or make expenditures with a view to bringing about their nomination for election to the offices of Governor and Lieutenant Governor. Unless the context requires otherwise, any provision of law that applies to a candidate shall also apply to a slate of candidates.

WHO IS A CANDIDATE?

A person is considered a candidate when one of the following occurs: (1) the person raises and/or spends money (even his or her own) to bring about his or her nomination or election; (2) the person files a Letter of Intent with the Registry; or (3) the person files proper documents (notification and declaration/nominating petition or write-in intent) for ballot access with the filing officer (Secretary of State or County Clerk). Slates of candidates for Governor and Lieutenant Governor should refer to Chapter 3 for information and details particular to Gubernatorial Slates.

HOW DO I START?
KRS 118.165(1); 121.015(8)

As stated above, you may notify the Registry by letter or you may officially file (no earlier than the first Wednesday after the first Monday in November of the year preceding the year the office will appear on the ballot) with your filing officer to obtain ballot access.

You must do one of the above prior to accepting contributions or making expenditures. This includes the use of the candidate’s own money. See page 57 for instructions on opening a campaign bank account.
Letter of Intent (Option 1)
If you wish to start your campaign before you are allowed to officially file for ballot access with the Secretary of State or County Clerk, you may file a Letter of Intent with the Registry. The notice shall include the candidate’s name, birth date, mailing address, phone number, the office the candidate plans to seek, the year in which the election will be held, the treasurer’s name, mailing address and phone number. Also, include the name and address of the financial institution designated as the campaign depository.

Individuals who notify the Registry in a year preceding the election of the intent to become a candidate shall be required to file quarterly campaign finance statements until the year that office will appear on the ballot. In the year of the election, the candidates will file campaign finance statements required for the current election based on the indicated spending option selected on the KREF 001. KRS 121.180(3)(b).

**What Must I Do to Officially Gain Ballot Access? (Option 2)**

**Declaration of Notification (Filing papers)**

You must file appropriate documents (notification and declaration/nominating petitions or write-in intent) with the Secretary of State or County Clerk not earlier than the first Wednesday after the first Monday in November of the year preceding the year the office will appear on the ballot.

These forms can be obtained from the Office of the Secretary of State or your County Clerk.

**IS THERE ANYTHING ELSE I MUST FILE?**

KRS 121.160; KRS 121.180

**Appointment of Campaign Treasurer and Optional Request for Reporting Exemption (KREF 001)**

At the time you officially file with the Secretary of State or County Clerk for ballot access, you must file an Appointment of Campaign Treasurer and Optional Request for Reporting Exemption form (KREF 001). The Registry is notified of your official filing by receiving the KREF 001 form. The Secretary of State or County Clerk will forward this form to the Registry.

This form is used to designate an individual to serve as your campaign treasurer, indicate the financial institution that your campaign will use and make your request for a reporting exemption. The exemption, further described on page 7, determines how many reports you must file.

You may appoint any registered Kentucky voter as your campaign treasurer, or you may decide to be your own treasurer.

The Secretary of State or County Clerk will retain the original form, provide you with a copy and forward a copy to the Registry. Do not send the form directly to the Registry. The Registry cannot accept the form unless it has first been filed with the appropriate filing officer.

See pages 10-11 for a sample of the “Appointment of Campaign Treasurer and Optional Request for Reporting Exemption.” Gubernatorial Slates see page 22 for a sample of the “Slate of Candidates Appointment of Campaign Treasurer” form.
SELECTING AN OPTIONAL REQUEST FOR REPORTING EXEMPTION MAY ALLOW YOU TO FILE FEWER FINANCIAL REPORTS
KRS 121.180

Option for Reporting Exemption (KREF 001)

When completing the Appointment of Campaign Treasurer and Optional Request for Reporting Exemption form, a candidate may file for a reporting exemption. The exemption the candidate selects determines the amount of money to be raised and spent during the election as well as the number of campaign finance reports to be filed with the Registry. Whether or not a candidate has opposition, the reporting exemption selected determines the reporting requirements for that election.

Think carefully before executing an exemption. If you exceed the limit, you may be fined. The form is designed to allow candidates to select an exemption option for both the primary and general elections. Even if the candidate’s name is not on the primary ballot, the campaign is responsible for filing the campaign finance statements as indicated on the candidate’s KREF 001 form.

See pages 10-11 for a sample of the “Appointment of Campaign Treasurer and Optional Request for Reporting Exemption” form.*
WHAT IF I CHANGE MY MIND ABOUT THE EXEMPTION?
KRS 121.180

After filing your Appointment of Campaign Treasurer and Optional Request for Reporting Exemption, you may wish to change the amount of money you intend to raise or spend. Candidates may amend the Appointment of Campaign Treasurer and Optional Request for Reporting Exemption form and select a different exemption option. The amended form must be filed in a timely manner with your filing officer or you will be bound by the original exemption.

Exception: Candidates for county, city, or school board races may change their exemption option at any time, but then must begin filing all applicable reports or be subject to late reporting fines. (Note: This exception only allows for exemptions to be increased but not decreased.)

Amending the Appointment of Campaign Treasurer and Optional Request for Reporting Exemption (KREF 001)

To change your exemption for the primary election, an amended form must be filed with the filing officer who received your filing papers no later than 15 days after the filing deadline for the primary.

To file or change your exemption for the general election, the amended form must be filed with the filing officer no later than 25 days after the date of the primary election.

If you have an August filing deadline, you may amend the form no later than 15 days after the filing deadline for the general election.

See Chapter 8 for specific dates. See pages 10-11 for a sample of the “Appointment of Campaign Treasurer and Optional Request for Reporting Exemption” form. Gubernatorial Slates should see page 22 for a sample of the “Slate of Candidates Appointment of Campaign Treasurer” form.

POLITICAL COMMITTEE REGISTRATION AND WAIVER FROM FILING
KRS 121.170

Political committee registration is optional. If a candidate authorizes the registration of a campaign committee to act on his or her behalf, a Political Committee Registration form (KREF 010) must be filed with the Registry to provide the necessary information regarding the organization of the committee. The form must be signed by the chairperson and the treasurer of the committee, who must be separate persons.

Additionally, the candidate authorizing the committee must sign the “Political Committee Registration” form and the “Waiver From Filing Candidate Election Finance Statement” form (KREF 011). By signing these forms, the candidate agrees to comply with KRS 121.180(9) which states:

1) The candidate has an authorized campaign committee.
2) The candidate shall surrender possession of any contribution to the treasurer of the principal campaign committee within five (5) business days.
3) Contributions received by check, money order or other written instrument shall be endorsed directly to the committee and shall not be used in any way by the candidate.
4) No contribution shall be commingled with the candidate’s personal funds or accounts.
5) The candidate shall not make any unreimbursed expenditure for his or her campaign. However, this does not preclude a candidate from making an expenditure from personal funds to the authorized campaign committee, which shall be reported by the committee as a contribution received from the candidate.
6) This waiver shall continue in effect only as long as the candidate complies with the conditions set forth above.

If the candidate does not authorize the committee and waive his or her individual reporting requirements, the candidate will be responsible for filing campaign finance reports and the committee will be required to file reports as well.

All provisions of KRS Chapter 121 governing the duties and responsibilities of a candidate or campaign treasurer shall apply to a candidate’s campaign committee. The committee registration form is available on the Registry’s website at www.kref.ky.gov or candidates may call the Registry to obtain the forms. When completed, the Political Committee Registration and Waiver forms are filed directly with the Registry.

Slates of candidates for Governor and Lieutenant Governor should see page 23 for committee registration information.

See pages 14-16 for a sample of the “Political Committee Registration” form and “Waiver from Filing Candidate Election Finance Statement” form. Gubernatorial Slates should see pages 24-25 for a sample of the “Gubernatorial Slate Campaign Committee Registration” form.

KREF 011 Revised 05/2005
ACKNOWLEDGEMENT OF CANDIDATE’S INTENT/FILING

Candidates who submit a Future Year Letter of Intent will receive an acknowledgement letter from the Registry upon receipt of the Future Year Letter of Intent. When candidates submit a Future Year Letter of Intent or officially file for office, the Registry assigns a staff administrator to work with the candidate. The administrator is the candidate’s direct line of communication with the Registry. The administrator can answer questions and help the candidate avoid mistakes that may become violations of the campaign finance laws.

When the candidate officially files for office with the Secretary of State or the County Clerk, the filing officer will forward to the Registry a copy of the Appointment of Campaign Treasurer and Optional Request for Reporting Exemption form.

After the filing deadline, the Registry will send a letter to all candidates who elected to spend over $1,000 and will have campaign finance reports due. This letter will inform the candidate of his or her identification number and campaign filer number. The campaign filer number should be used on all campaign finance reports and correspondence to the Registry.

The campaign filer number changes for each election. Remember the primary and general elections are two separate elections. Successful primary candidates and August filers will receive notification of general election filer numbers. In addition, candidates for statewide office will be contacted by an auditor to schedule an initial meeting.

*Gubernatorial Slates should see page 26 concerning acknowledgement of intent/filing.*

**Note:**
*If you receive correspondence or reporting notices from the Registry that you believe are in error, you may call (502) 573-2226.*

CONTACTING THE INTERNAL REVENUE SERVICE

All candidates, slates and political committees are urged to contact the Internal Revenue Service (IRS) for directions on complying with applicable federal laws when opening a campaign bank account. *See “Responsibilities Under the Internal Revenue Code” on page 50.*
WHO IS A SLATE?

The Kentucky Constitution requires that candidates running for Governor and Lieutenant Governor run together as a slate. Candidates for Governor and Lieutenant Governor are required by KRS 118.127 to list on the notification and declaration form the names of the persons who are to jointly appear on the ballot. No candidate for either office may appear on the ballot individually. Voters will cast a single vote for the slate, applicable to both offices.

GETTING STARTED
KRS 118.125; KRS 121.015(9)

If you are considering forming a slate to run for Governor and Lieutenant Governor, you should contact the Registry or the Office of the Secretary of State before undertaking any activity. KRS Chapter 121 contains a very broad definition of “slate of candidates,” and you and your running mate may be considered a slate under the law well before any formal announcement of candidacy is made. KRS 121.015(9) provides that a slate of candidates means not only one who has filed a joint notification and declaration pursuant to KRS 118.127, but also one who has undertaken any of the following activities: received contributions, made expenditures, appointed a campaign treasurer, designated a campaign depository, or given consent for any other person to receive contributions or make expenditures with a view to bringing about the slate’s nomination for election to the offices of Governor and Lieutenant Governor. Slates should begin keeping records at the point they are considered a “slate of candidates” pursuant to the aforementioned definition.

LETTER OF INTENT

If you wish to start your slate campaign before you are allowed to officially file for ballot access with the Secretary of State, you may file a Letter of Intent with the Registry. The notice shall include the following information for both the Governor and Lieutenant Governor Candidates: name, birth date, mailing address, phone number, and the office which each candidate plans to seek. Also include the year in which the election will be held, the treasurer’s name, mailing address, phone number, and the name and address of the financial institution designated as the campaign depository.

See sample “Slate Letter of Intent” on page 20.

OFFICIAL BALLOT ACCESS

The joint notification and declaration is to be filed with the Secretary of State as provided by KRS 118.125.

APPOINTMENT OF CAMPAIGN TREASURER
KRS 121.160; KRS 121.220

At the time the joint notification and declaration is filed, the slate is also required to designate its campaign treasurer. Until this requirement is met, the slate of candidates will be listed as its own treasurer and accountable as such. The slate may appoint one of themselves or any registered voter in Kentucky as the campaign treasurer.

The selection of a campaign treasurer is an extremely important decision. It is important not only because he or she plays such an integral role in the campaign, but also because the slate will be held responsible for the acts and omissions of the treasurer.

A slate may remove a campaign treasurer at any time. In the case of death, resignation, or removal of a campaign treasurer, the slate must, within three days after receiving notice thereof, appoint a successor and file his or her name and address with the Registry. The slate will be accountable as its own treasurer if it fails to meet this reporting requirement.

A person may serve as a campaign treasurer for more than one candidate or slate of candidates, but all reports must be made separately for each candidate or slate.

It is the duty of the campaign treasurer to designate a depository bank in which the primary campaign account is to be maintained for the purpose of depositing all contributions and disbursing all expenditures. Only a financial institution authorized to transact business in Kentucky may be designated as a campaign depository.

To appoint a campaign treasurer and designate the depository bank, the slate will complete a Slate of Candidates Appointment of Campaign Treasurer form (KREF 001/G). The original form will be retained by the Secretary of State and a copy will be forwarded to the Registry. The Secretary of State will also provide the slate with a copy of the form.

See sample “Slate of Candidates Appointment of Campaign Treasurer” form on page 22.

KREF 001/G Revised 05/2005
APPPOINTMENT OF CAMPAIGN COMMITTEE
KRS 121.015(3)(a); KRS 121.210; KRS 121.170; KRS 121.180

After filing the joint notification and declaration, a slate of candidates may authorize a campaign committee to act on its behalf. All provisions of KRS Chapter 121 governing the duties and responsibilities of a slate of candidates and its campaign treasurer will apply to the campaign committee.

The campaign committee may register by filing its official notice of intention at the time of organization and provide the names, addresses, and positions of the officers of the committee. A form prescribed for this purpose, the Gubernatorial Slate Campaign Committee Registration form (KREF 010/G), requires the registrant(s) to clearly identify the specific purpose, sponsorship, and source from which the committee originates and designate the primary campaign depository for the purpose of depositing all contributions received and disbursing all expenditures made. The form must be signed by the members of the slate, the committee chairperson, and the campaign treasurer. The chairperson and treasurer must be separate persons.

Also, the candidates for Governor or Lt. Governor must each sign the waiver on the Gubernatorial Slate Campaign Committee Registration form and the Waiver from Filing Candidate Election Finance Statement form (KREF 011) if they are to be relieved of personal responsibility for filing campaign finance reports. The waiver remains in effect provided that the slate surrenders possession of any contributions to the campaign treasurer within five (5) business days of receipt without spending any of the proceeds or commingling contributions with personal funds; endorses contributions in the form of checks, money orders, or other written instruments directly, without being cashed or redeemed, to the campaign committee; and does not make any unreimbursed or unreported expenditures for the campaign. Otherwise, a slate of candidates must file a separate campaign finance report.

See sample “Gubernatorial Slate Campaign Committee Registration” form on pages 24-25.

VACANCIES
KRS 118.227

If a vacancy occurs in a slate of candidates before the ballots are printed for the primary election because of death, disqualification to hold the office sought, or severe disabling condition which arose after the slate formed a campaign committee, the remaining member of the slate may designate a replacement for the vacant candidate or change the composition of the slate and designate a running mate. Any changes made to the slate of candidates shall be made on forms prescribed by the State Board of Elections and filed with the Secretary of State not later than the deadline for printing primary election ballots, but only following certification to the remaining candidates by the Secretary of State that a vacancy exists.

If a vacancy occurs in a slate of candidates after the ballots are printed for the primary election, the form must be filed with the Secretary of State prior to the primary election. Notices informing the voters of the change in the composition of the slate shall be posted at each precinct polling place.

The provisions of KRS 118.105 shall apply to vacancies occurring in the nomination of a qualifying slate of candidates.

The form can be obtained from the Office of the Secretary of State. The Secretary of State will then notify the Registry of the change in the composition of the slate.

ACKNOWLEDGEMENT OF SLATE’S INTENT/FILING
KRS 121.120(4)(k)

When slates submit a Letter of Intent or officially file for office, the Registry assigns a staff auditor. The auditor is not only responsible for performing the statutorily mandated audit but is also the slate’s direct line of communication with the Registry. The auditor can answer questions and help the slate avoid mistakes that may result in violations of the campaign finance laws. The campaign’s relationship with the auditor begins with an initial conference attended by the officials representing the slate, and continues with audit field work performed throughout the campaign.

The slate’s filer number changes for each election. The primary and general elections are two separate elections. Successful primary election slates will receive notification of general election filer numbers.

A slate of candidates who notify the Registry in a year preceding the election of their intent to become a slate of candidates shall be required to file quarterly campaign finance statements until the year that office will appear on the ballot. In the year of the election, the slate of candidates will file campaign finance statements required for the current election based on the slate’s indicated spending option. KRS 121.180(3)(b).
WHAT IS A CONTRIBUTION?

The term “contribution” not only encompasses money, but also goods, advertising and services given to a candidate or his or her committee. This chapter defines what is, and what is not, a contribution; discusses limitations, and, in some cases, absolute prohibitions on certain sources of contributions; and describes the different types of contributors.

Definition of a Contribution
KRS 121.015(6)
Includes the following:

- Payment, distribution, loan, deposit, or gift of money or other thing of value, to a candidate, his or her agent or a candidate campaign committee;

- Payment by any entity, other than the candidate or his or her authorized treasurer, of compensation for the personal services of another person which are rendered to the candidate;

- Goods, advertising, or services with a value of more than $100 in the aggregate in any one election which are furnished without charge, or at a rate which is less than the rate normally charged for the goods or services; or

- Payment by any person or entity, other than a candidate or his or her authorized treasurer, for any goods or services with a value of more than $100 in the aggregate, in any one election, which are utilized by the campaign.

TYPES OF CONTRIBUTIONS

Monetary Contributions
KRS 121.015(6)(a)

A contribution of money to a candidate that is received in the form of cash, check, draft, money order, credit card, or cashier’s check is considered a monetary contribution. Limitations exist concerning the acceptance of different forms of monetary contributions.

See pages 32-36 for further information.
**In-kind Contributions**

KRS 121.015(6)(b)-(c); 32 KAR 2:170

An in-kind contribution is a non-monetary contribution consisting of goods or services, offered free or at less than the usual charge. Similarly, when a person pays for services on the candidate’s behalf, the payment is an in-kind contribution.

An expenditure made in cooperation, coordination, or consultation with or at the request or suggestion of the campaign is also considered an in-kind contribution to the candidate.

In-kind contributions are treated as any other contribution and are subject to the same contribution limits and reporting requirements. Contribution limits are discussed on pages 32-36.

**Exceptions (In-kind Contributions)**

KRS 121.015(6)(c)

Under limited exceptions in the law, persons may provide incidental goods or services to a campaign without making a contribution. In-kind contributions that are valued at $100 or less do not qualify as contributions until the aggregate value per contributor exceeds $100 per election. In order for a campaign to determine whether a contributor has exceeded the $100 limit, itemized records on all contributors must be kept by the campaign.

When services are volunteered, not paid for by anyone, the activity is not considered a contribution. However, payment by a contributor other than the candidate or his or her treasurer to compensate the personal services of another rendered to the campaign is considered a contribution regardless of the amount of the payment.

**The Value of Discounts**

32 KAR 2:170

If goods or services are provided at less than the rate normally charged, or at an unreasonably low charge, the amount of the in-kind contribution is the difference between the amount normally charged for the goods and services at the time of the contribution and the amount actually charged. A discount received that is available to the general public is not an in-kind contribution.

**Goods**

32 KAR 2:170

Goods, such as equipment, supplies, mailing lists and facilities, are valued at the price the item or facility would cost if purchased or rented at the time the contribution is made. For example, if someone contributes a fax machine to the campaign, the contribution equals the fair market price of the fax machine at the time of the contribution.
Chapter Four Contributions and Other Receipts

Services
32 KAR 2:170

Services, such as advertising or printing, are valued at the prevailing rate at the time the services are rendered. The value is the fair market value of the service provided.

Loans from Individuals
KRS 121.015(6)(a); KRS 121.015(7)

Loans other than bank loans obtained in the ordinary course of business are considered contributions and are subject to contribution limits.

Any personal or family loan that is forgiven must be reported as a contribution. The campaign may not accept a loan in excess of the contribution limit from anyone other than the candidate. An unpaid loan, when added to other contributions from the same contributor, may not exceed the contribution limit. Once repaid in full, a loan no longer counts against the donor’s contribution limit.

All loans must be continuously reported as debts until fully repaid. In the event a lender forgives a loan in whole or in part, the amount of the canceled debt becomes a contribution and is subject to the contribution limits.

Candidate Contributions
KRS 121.160(2)(a); KRS 121.180(9)(b); KRS 121.220

Candidates may contribute to their own campaigns in unlimited amounts. However, the personal funds of a candidate used in connection with seeking elective office must be deposited directly into the campaign account. If a candidate gives money to his or her campaign account and expects to be repaid, it must be treated as a loan to the campaign.

If a candidate contributes personal items that he or she owned prior to becoming a candidate for the benefit of the campaign, and does not expect reimbursement, the value of the items should be reported as an in-kind contribution from the candidate. If the candidate makes direct campaign expenditures from the candidate’s cash or personal accounts, this amount should be reimbursed to the candidate from the campaign account.

Surplus Campaign Property
KRS 121.180(10)

When the campaign terminates, it must liquidate all assets, dispose of excess funds in a manner permitted by statute (see pages 107-108), and file a final report showing a zero balance. Campaign paraphernalia or signs are considered to be of no value to anyone except the campaign and it is understood that these items cannot be liquidated.
However, if these materials are stored by the candidate until the next election and are contributed to the new campaign, the items must be assessed at the fair market value and reported as an in-kind contribution from the candidate to his or her new campaign.

**Proceeds from Sales**
KRS 121.180(5)

Contributions include proceeds from the sale of tickets for events, such as luncheons, dinners, rallies, and similar fund raising events; mass collections made at events; and sales of items such as campaign pins, buttons, hats, and shirts. The purchaser of tickets or items is the contributor, even if the tickets or items are given to others. Therefore, the campaign should record the entire purchase price of tickets or items as the amount contributed.

**Extension of Credit**
32 KAR 2:180

An extension of credit outside a creditor’s ordinary course of business may be considered a contribution.

**TYPES OF CONTRIBUTORS**

**Natural Person**
KRS 446.010(27)

For the purpose of applying the campaign finance laws, a “natural person” referred to in KRS Chapter 121 is an individual human being. “Individual” as used in this guide refers to a natural person.

**Minor**
KRS 121.150(5)

For the purpose of applying the campaign finance laws, a “minor” is an individual who will not be 18 years old on or before the date of the next general election.

**Person**
KRS 446.010(27)

“Person” is not defined by KRS Chapter 121; therefore, the Registry has applied the definition of “person” provided in KRS 446.010(27) to all sections of KRS Chapter 121. KRS 446.010(27) defines “person” generally to include bodies-politic and corporate, societies, communities, the public generally, individuals, partnerships, registered limited liability partnerships, joint stock companies, and limited liability companies.
**Contributing Organization**  
KRS 121.015(4)

A “contributing organization” is a group of individuals that merely contributes to candidates or slates of candidates from time to time, from funds derived solely from within the group and not solicited or received from sources outside the group itself. Contributing organizations must report to the Registry when any contributions made by the group exceed $100. The reporting form for a Contributing Organization is available on the Registry’s website at www.kref.ky.gov.

**Caucus Campaign Committee**  
KRS 121.015(3)(b)

A caucus campaign committee is one of the following caucus groups who receive contributions and make expenditures to support or oppose one or more specific candidates or slates of candidates for nomination or election, or a committee:

1. House Democratic caucus campaign committee;
2. House Republican caucus campaign committee;
3. Senate Democratic caucus campaign committee; or
4. Senate Republican caucus campaign committee.

**Permanent Committee (PAC)**  
KRS 121.015(3)(d); KRS 121.170(7)

A permanent committee is a permanent organization functioning on a regular basis throughout the year having as a primary purpose expressly advocating the election or defeat of one or more clearly identified candidates, slates of candidates, or political parties. These organizations are registered with the Registry, the FEC, or another state. Some groups are affiliated and share a contribution limit.

The organization, formation, or registration of a permanent committee by any member of the General Assembly is prohibited.

**State or County Executive Committee**  
KRS 121.015(3)(3)

A state executive committee is a state-level political party committee. A county executive committee is a county-level political party committee.

**Out-of-State Contributor**

An individual who resides, or a committee or organization which operates, outside of Kentucky may contribute to Kentucky candidates. Contributions from out-of-state contributors are subject to the same restrictions as Kentucky residents, organizations, and committees.
**Partnership Contributions**  
*KREF Advisory Opinion 1998-012*

Partnerships may contribute to candidates in one of two ways. First, a partnership may qualify as a contributing organization under KRS 121.015(4), and may contribute a maximum of $1,000 per year. In the alternative, the partners may contribute individually from funds derived from the partnership. If a partnership check is issued in lieu of separate checks from the individual partners, the campaign must obtain sufficient information from the partnership to itemize the contribution between or among the individual partners. See pages 40 and 62-63 for further information.

**CONTRIBUTION LIMITS**  
KRS 121.150(6)

The maximum contribution from individuals (excluding minors), PACs and Contributing Organizations to a candidate is $1,000 per election. The contribution allowable from persons who will not reach the age of 18 on or before the next general election is $100. See pages 35-36 for further details on PAC contribution restrictions.

Caucus Campaign Committees and Executive Committees may contribute unlimited amounts to candidates. However, candidates have a limit on the amount they may receive. See page 36 for further details.

Contribution Limits

1 In-kind and monetary contributions jointly count toward both the “per election” and the “per year” contribution limits.

2 Contributing Organizations or PACs affiliated by bylaw structure or by registration shall be considered as one (1) committee for purposes of applying contribution limits. KRS 121.150(7)

3 The amount the candidate retains from PACs per election cannot be more than fifty percent (50%) of the candidate’s total contributions, or ten thousand dollars ($10,000), whichever is greater. KRS 121.150(23)(a)

4 The contributions given by Executive Committees are unlimited. Party rules and or by-laws may prohibit Executive Committees and Caucus Campaign Committees from making contributions to candidates in non-partisan races. For more information, you may contact these committees. The contributions that a candidate or slate of candidates may retain from an Executive Committee are limited. The limit is based on the total contributions received by the candidate per election. The amount the candidate retains from Executive Committees per election cannot be more than fifty percent (50%) of the candidate’s total contributions, or ten thousand dollars ($10,000), whichever is greater. KRS 121.150(23)(a)-(c)

5 The contributions given by Caucus Campaign Committees are unlimited. Party rules and or by-laws may prohibit Executive Committees and Caucus Campaign Committees from making contributions to candidates in non-partisan races. For more information, you may contact these committees. The contributions that a candidate or slate of candidates may retain from Caucus Campaign Committees are limited. The limit is based on the total contributions received by the candidate per election. The amount the candidate retains from Caucus Campaign Committees per election cannot be more than fifty percent (50%) of the candidate’s total contributions, or ten thousand dollars ($10,000), whichever is greater. KRS 121.150(23)(a)-(c)

6 Party rules and or by-laws may prohibit Executive Committees and Caucus Campaign Committees from making contributions to candidates in non-partisan races. For more information, you may contact these committees.

7 Contributions by cashier’s check or money order are limited to fifty dollars ($50) per election unless the instrument identifies both the payor and the payee. If the cashier’s check or money order does identify both the payor and the payee, the instrument is considered a contribution by check. KRS 121.150(4)
LIMITATIONS ON DIFFERENT FORMS OF CONTRIBUTIONS

**Gifts**  
KRS 121.015(6)  
A candidate may not accept a gift of money for use in the campaign.

**Anonymous Contributions**  
KRS 121.150(3)  
Candidates may not accept anonymous contributions in excess of $50 per contributor, per election. An anonymous contribution in excess of $50 must be returned to the donor, if the contribution can be traced. If the donor cannot be determined, the contribution shall escheat to the state.

The total anonymous contributions received by a campaign may not exceed $1,000 per election. Anonymous contributions in excess of the aggregate limit also escheat to the state.

- Money received from an event or activity, such as a fish fry, concession sales, or from the sale of campaign paraphernalia, is a contribution. If the campaign does not have records of individual purchasers, the sales are anonymous contributions and the campaign may only accept anonymous contributions up to $1,000 in the aggregate per election.

**Cash Contributions**  
KRS 121.150(4); 32 KAR 2:130  
Candidates may not accept cash contributions in excess of $50 per contributor, per election.

**Contributions by Cashier’s Check or Money Order**  
KRS 121.150(4); 32 KAR 2:130  
A candidate may not accept a cashier’s check or money order in excess of the maximum cash contribution limit unless the instrument clearly identifies both the payor and the payee. If both are identified, the instrument may be accepted like a check.

**Contributions by Minors**  
KRS 121.150(5)  
A candidate may not accept a contribution in excess of $100 from any person who will not become 18 years of age on or before the date of the next general election.

**PAC Contributions - Restrictions**  
KRS 121.150(23)(a)  
PAC contributions may not exceed 50% of a candidate’s total contributions for an election or $10,000, whichever is greater. If PAC receipts exceed the allowable limits, a candidate
may, within 60 days following the election, adjust his or her percentage of PAC receipts by contributing his or her own money, accepting contributions from those who have not contributed the $1,000 limit for that election, or returning contributions to PACs that were made after the limit had been reached. Funds carried forward from one election to the next are not considered in making the PAC funds calculation. Remember that the primary election and the general election are two separate elections and require two separate calculations.

**Executive Committee Contributions - Restrictions**
KRS 121.150(23)(b)

Executive Committee contributions may not exceed 50% of a candidate’s total contributions for an election or $10,000, whichever is greater. If Executive Committee receipts exceed the allowable limits, a candidate may, within 60 days following the election, adjust his or her percentage of Executive Committee receipts by contributing his or her own money to the account, accepting contributions from those who have not contributed the $1,000 limit for that election, or returning contributions to Executive Committees that were made after the limit had been reached. Funds carried forward from one election to the next are not considered in making the Executive Committee funds calculation. Remember that the primary election and the general election are two separate elections and require two separate calculations.

**Caucus Campaign Committee Contributions - Restrictions**
KRS 121.150(23)(c)

Caucus Campaign Committee contributions may not exceed 50% of a candidate’s total contributions for an election or $10,000, whichever is greater. If Caucus Campaign Committee receipts exceed the allowable limits, a candidate may, within 60 days following the election, adjust his or her percentage of Caucus Campaign Committee receipts by contributing his or her own money to the account, accepting contributions from those who have not contributed the $1,000 limit for that election, or returning contributions to Caucus Campaign Committees that were made after the limit had been reached. Funds carried forward from one election to the next are not considered in making the Caucus Campaign Committee funds calculation. Remember that the primary election and the general election are two separate elections and require two separate calculations.

**ITEMS NOT CONSIDERED CONTRIBUTIONS**
KRS 121.015(6)(c); 121.015(7); 32 KAR 2:170

- An in-kind contribution does not meet the statutory definition of contribution until the aggregate total of in-kind contributions from a single contributor exceeds $100.

- Services provided without compensation by individuals volunteering a portion or all of their time on behalf of a campaign are not contributions.
A loan of money by any financial institution doing business in Kentucky made in accordance with applicable banking laws and regulations and in the ordinary course of business is not a contribution.

Independent expenditures are not contributions. Under KRS 121.015(12), an independent expenditure “means the expenditure of money or other things of value for a communication which expressly advocates the election or defeat of a clearly identified candidate or slate of candidates, and which is made without any coordination, consultation, or cooperation with any candidate, slate of candidates, campaign committee, or any authorized person acting on behalf of any of them, and which is not made in concert with, or at the request or suggestion of any candidate, slate of candidates, campaign committee, or any authorized person acting on behalf of any of them.”

Treasurer’s Services
KRS 121.160(6); 32 KAR 2:170

Kentucky campaign finance law specifically excludes “services provided without compensation by individuals volunteering a portion or all of their time” from the definition of a contribution. However, the law provides that a campaign may pay a treasurer a salary for his or her services.

Treasurers are often professional bookkeepers or certified public accountants who volunteer their professional services. However, any use by the campaign treasurer of his or her office’s corporate assets should be billed to the campaign and paid for with campaign funds.

Volunteer Activity
KRS 121.015(7); 32 KAR 2:170

An individual may volunteer a portion or all of his or her time to provide services to a campaign without making a contribution, as long as the individual is not compensated by anyone for the services. If a volunteer is on paid vacation leave (or on leave time that he or she has earned) when working for the campaign, the volunteer’s vacation pay does not count as a contribution to the campaign. If a volunteer is paid on a commission or piecework basis, or is paid only for work actually performed and the employee’s time is considered his or her own to use as he or she sees fit, no contribution results.

Note, however, that if individuals are, in fact, paid for their services by someone other than the campaign itself, the activity is no longer considered volunteering, and the payments constitute in-kind contributions that must be reported by the campaign as an in-kind contribution from the payor. Generally, if an individual provides services to a campaign during paid working hours, the employer makes a contribution to the campaign. However, note that if the employer is a corporation, the contribution is prohibited.
In-kind Value Under $100
KRS.015(6)(c)

Expenditures of $100 or less made by a person are not considered contributions, individuals may spend up to $100 or goods, advertising or services with a value of $100 or less without making a contribution. This exemption was designed to stimulate grassroots activity. These expenditures are not considered contributions, but should be recorded by the campaign. When an in-kind expenditure exceeds $100, it is considered a contribution and must be reported. Any amount spent by an individual, on behalf of the campaign, in excess of $100 must be reported as an in-kind contribution to the campaign.

Loans
KRS 121.015(7)(b)

A loan of money by any financial institution doing business in Kentucky made in accordance with applicable banking laws and regulations and in the ordinary course of business is not a contribution.

Independent Expenditures
KRS 121.015(7)(c), (12); KRS 121.150(1)

An independent expenditure is defined by statute as follows:

[T]he expenditure of money or other things of value for a communication which expressly advocates the election or defeat of a clearly identified candidate or slate of candidates, and which is made without any coordination, consultation, or cooperation with any candidate or slate of candidates, campaign committee, or any authorized person acting on behalf of them, and which is not made in concert with or at the request or suggestion of any candidate or slate of candidates, campaign committee, or any authorized person acting on behalf of any of them.

KRS 121.015(12)

Independent expenditures are not subject to any limits, but are subject to reporting requirements. Candidates, slates of candidates or candidate campaign committees are not responsible for reporting the independent expenditure on their campaign finance statements. Any person, PAC or unauthorized campaign committee that makes independent expenditures exceeding $500 in the aggregate in any one election are required to report directly to the Registry. To obtain an Independent Expenditure reporting form go to the Registry’s website at www.kref.ky.gov or call (502) 573-2226. See page 39 for an example of an independent expenditure reporting form.

Special Note: Citizens United v. Federal Election Commission, 130 S.Ct. 876 (2010) permits corporations to make independent expenditures in political campaigns, and corporations should contact the Registry for further direction. Candidates and campaign representatives should be cautioned against advising corporations or otherwise requesting corporations to make independent expenditures as this is an indicator of coordination. See KREF Advisory Opinions 2010-001, 2010-002, and 2011-002.
NOTE: KRS 121.015(12) provides as follows: “‘Independent expenditure’ means the expenditure of money or other things of value for a communication which expressly advocates the election or defeat of a clearly identified candidate or slate of candidates, and which is made without any coordination, consultation, or cooperation with any candidate, slate of candidates, campaign committee, or any authorized person acting on behalf of any of them, and which is not made in concert with, or at the request or suggestion of any candidate, slate of candidates, campaign committee, or any authorized person acting on behalf of any of them.”

An independent expenditure must be reported when it exceeds $500 in the aggregate in one election. (KRS 121.150(1))

PROHIBITED CONTRIBUTIONS

Corporate Contributions
KRS 121.025; KRS 121.035; KRS 121.150(20)&(21)

Kentucky campaign finance law strictly prohibits corporate contributions to candidates, slates of candidates and committees, either directly or indirectly. These statutory provisions reflect Section 150 of the Kentucky Constitution, which prohibits corporations from giving money or any other thing of value to influence an election in the Commonwealth.

The prohibition on corporate contributions to candidates and committees that support candidates for election extends to all corporate types, including non-stock corporations, solely owned corporations, not-for-profit corporations, S-corporations and professional service corporations (PSCs).

The prohibition on corporate contributions does not extend to other types of business entities, such as partnerships, limited liability partnerships (LLPs), limited liability companies (LLCs), sole proprietorships or unincorporated associations. If you have any questions concerning how to report contributions from these entities, please call the Registry for assistance at (502) 573-2226. Additionally, there is nothing that prohibits the officers or employees of a corporation from establishing a Permanent Committee through segregated funds. A contribution from a duly established Permanent Committee (PAC) to a candidate is permissible provided no contribution may be attributed indirectly to the corporation.

The prohibition against receiving corporate contributions applies to both monetary and in-kind contributions. Monetary contributions include checks or money orders from a corporate entity or cash transmitted from a corporation to a campaign. A campaign should review every check for corporate identifiers, such as “Inc.” or “Corp.”

To determine whether an entity is organized as a corporation, a campaign may verify the entity’s status by calling the Secretary of State’s Office, Division of Corporate Records, at (502) 564-7330 or by consulting the Secretary of State’s on-line business database at www.sos.ky.gov.

In-kind contributions from a corporation must also be avoided. A discount provided to a candidate by a corporation that is otherwise not available to the general public or the forgiveness of a debt owed by the candidate to a corporation constitutes an illegal in-kind corporate contribution. Any unreimbursed use of corporate property, such as computers, telephones, or postage, for the benefit of a candidate constitutes an illegal corporate contribution. A campaign that uses corporate property should prorate the value of its use and keep detailed records of bills assessed by the corporation and payments made by the campaign. These transactions must be disclosed on the campaign’s financial reports.

See “Special Note” on page 38 regarding independent expenditures by corporations.
Charitable Contributions
KRS 121.150(2)

Solicitations from and contributions by campaign committees, caucus campaign committees, political issues committees, permanent committees, and party executive committees to any religious, charitable, civic, eleemosynary, or other causes or organizations established primarily for the public good are expressly prohibited.

Contributions in the Name of Another
KRS 121.150(12)

A contribution made by one person in the name of another is prohibited. For example, an individual who has already contributed up to his or her limit to the candidate may not give money to another person, including by gift to the candidate, to make a contribution. Similarly, a business is prohibited from using bonuses or other methods of reimbursing employees for their contributions. Parents may not make a contribution in the name of a child.

If an individual who does not have a checking account wants to make a contribution, the campaign should advise the individual to purchase a money order or to obtain a cashier’s check, and to clearly identify on the written instrument both the payor and the payee. Be aware of consecutively-numbered money orders or cashier’s checks as this could be a way of giving in the name of another.

Foreign Nationals
2 U.S.C. § 441e; 11 CFR § 110.4(1); 22 U.S.C. § 611

Contributions from an entity organized under the laws of a foreign country or having its principal place of business in a foreign country are prohibited. A candidate may not accept contributions from foreign nationals. A “foreign national” is an individual who is not a citizen of the United States, and not lawfully admitted for permanent residence. Individuals with a green card may make political contributions.

Contributions from Other Candidates
KRS 121.180(10)

Contributions from another candidate’s campaign account are prohibited, except that another candidate may purchase tickets to a fund raiser or other event up to $100 per event or affair.

Federal Campaign Accounts
KRS 121.150(24)

Candidates may not accept a contribution, including an in-kind contribution, which is made from funds in a federal campaign account.
Circumventing the Limits
KRS 121.150(9)

No person shall contribute funds to a permanent committee, political issues committee, or contributing organization for the purpose of circumventing contribution limits.

Questionable Contributions

When a campaign receives a contribution of questionable legality, it should return the contribution to the donor without depositing it, as the negotiation of the check establishes the receipt of the contribution. The campaign should retain in its internal records a written record or a photocopy of the contribution, and clearly note why the contribution was returned.

If a campaign decides to keep a questionable contribution while determining whether the contribution is acceptable, the contribution should not be deposited until the campaign has received information in writing from the contributor. The campaign should maintain written records of all efforts to obtain documentation, and should retain all such documentation.

Finally, if the campaign deposits a contribution that appears on its face to be legal and later discovers that it is prohibited, based on information that was not available when the contribution was deposited, the campaign should immediately refund the contribution. Schedule 1 of the Election Finance Statement must report the deposit as a contribution and the refund as a “receipts adjustment.”

OTHER REPORTABLE RECEIPTS

The campaign must report all receipts. However, some receipts are not contributions. The following are not considered contributions:

Bank Loans
KRS 121.015(7)(b)

A loan of money by any financial institution doing business in Kentucky made in accordance with applicable banking laws and regulations and in the ordinary course of business is not a contribution. Any such funds deposited into a campaign account would be reported on an Election Finance Statement and attributed to the individual who borrowed the funds.

Interest Income

Interest earned on invested funds is not considered a contribution, but is reported as “other receipts” on Schedule 1A of the Election Finance Statement.
Offsets to Operating Expenditures

Offsets to operating expenditures, such as returns by vendors of deposits and refunds, are not considered contributions. These should be recorded on Schedule 2 of the Election Finance Statement as “disbursement adjustments.”

REPORTING CONTRIBUTIONS AND OTHER RECEIPTS

See Chapter 9 for details and examples of reporting contributions and other receipts.

Notes:
There are several things to keep in mind when making expenditures for the campaign. It is possible that a campaign may inadvertently violate campaign finance laws simply through oversight, rather than by any intentional act. The best way to avoid problems is to be familiar with the law and ensure that those individuals acting on behalf of the campaign understand the requirements of the campaign finance law.

WHAT IS AN EXPENDITURE?
KRS 121.160(2)(c); KRS 121.175; KRS 121.180(3)(a)(5); 32 KAR 2:200

A campaign expenditure includes reimbursement for actual expenses, a purchase or a payment made in support of or in opposition to a clearly identified candidate. All expenditures are reportable by the campaign regardless of amount. No campaign shall permit funds in its account to be expended for any purpose other than allowable expenditures.

Allowable Expenditures
KRS 121.175; KRS 121.180(10); 32 KAR 2:200

Allowable campaign expenditures are defined by law as “expenditures including reimbursement for actual expenses, made directly and primarily in support of or opposition to a candidate.” No campaign shall permit funds in a campaign account to be expended for any purpose other than allowable campaign expenditures.

Kentucky law recognizes the following allowable expenditures:

- Staff salaries (including a salary for the treasurer)
- Printing
- Advertising
- Advertising services
- Necessary travel
- Office space
- Campaign paraphernalia including, but not limited to, hats, shirts, calendars, and magnets
- Postage
- Office supplies
- Equipment, purchased or rented, and used primarily for the administration of the campaign, including but not limited to copiers, computers, automobiles, facsimile machines, and similar items
- Gifts and meals for volunteer campaign workers
- Food and beverages provided at campaign functions
- Stationery
- Communications with constituents or prospective voters
- Polling and consulting
- Graphic arts
- Newsletters
- Literature delivery services
- Phone banks

- Purchases of advertisements in athletic and scholastic publications
- Tickets for any fundraising event or testimonial affair for another candidate if the amount of the purchase does not exceed $100 per event
- Expenditures made or items donated to charitable and civic organizations such as clubs, neighborhood organizations, schools, and churches, provided that the expenditure furthers a candidacy through advertising
- Purchase of American, state, or other flags to be donated to schools, civic, or charitable organizations.

**Additional Allowable Expenditures for General Assembly Members:**
KRS 121.175(1)

- A member of the General Assembly may utilize funds in his or her campaign account to purchase items up to $100 at a political party function, a caucus campaign committee function, auction, or fundraiser. The total purchase of items or admission tickets should not exceed $2,500 in one calendar year.
Expenditures That Are NOT Allowable
KRS 121.175; 32 KAR 2:200; KRS 121.055

Kentucky law specifically provides that the following types of expenditures are not allowable:

- Expenditures which are illegal pursuant to any other provision of Kentucky Revised Statutes
- Tickets to an event which is unrelated to a political campaign or candidacy
- Expenditures to promote or oppose a candidacy for a leadership position in a governmental, professional, or political organization, or other entity
- Equipment or appliances used primarily outside the campaign
- Charitable contributions to any religious, charitable, civic, eleemosynary, or other causes or organizations established primarily for the public good are expressly prohibited
- Expenditures which would bestow a private pecuniary benefit upon the candidate, a member of the candidate’s family, a member of the candidate’s committee, or any of his or her paid or unpaid employees
- Campaign funds may not be used to support another candidate (See page 41 concerning use of campaign funds to attend a fundraising event or testimonial affair.)
- Tickets for general distribution for the purpose of influencing an election, either directly or indirectly
- Items of personal property given to prospective voters which do not bear the name, likeness, or logo of a candidate or a campaign-related communication
- Dues to professional, civic, or other organizations to which the candidate belongs or desires to join
- Expenditures made to defray the costs associated with an individual’s performance of his or her official duties as an officeholder
- No candidate for nomination or election to any office shall expend, pay, promise, loan or become liable in any way for money or anything of value, to any person in consideration for his or her vote.
ITEMS NOT CONSIDERED EXPENDITURES

*Transfers of Funds for Investment*

Transfers of campaign funds for investment are not disbursements. These funds must still be accounted for on the campaign’s Election Finance Statement.

**REVIEW OF EXPENDITURES**

32 KAR 2:200

If the Registry staff, on review of a submitted Election Finance Statement, determines that a questionable expenditure has been made, the burden shall be on the campaign to prove that the expenditure was an allowable expense under KRS 121.175.

**REPORTING OF EXPENDITURES**

*See Chapter 9 for details and examples of reporting campaign expenditures.*
AUDITS
KRS 121.120(4)(j)-(k)

The Registry is required to conduct audits of candidates running for statewide office, as well as random audits of receipts and expenditures of candidates running for all other offices.

For statewide candidates, an auditor is assigned at the inception of the campaign. The auditor is not only responsible for performing the audit, but is also the candidate’s direct line of communication with the Registry. The auditor can answer questions that arise during the campaign to help the candidate avoid mistakes that may result in violations of the campaign finance laws. The campaign’s relationship with the auditor begins with an initial conference attended by the officials representing the campaign, and continues with audit fieldwork performed throughout the campaign.

EVENTS AND FUNDRAISER FUNCTIONS
KRS 121.180(5)

Events such as rallies, dinners, luncheons, and testimonials are considered reportable events. The entire cost to attend the event is to be reported as a contribution. The total gross receipts from the sale of tickets for such events shall be listed on Schedule 3 of the Election Finance Statement.

Additionally, the sale of items such as campaign hats and shirts and similar material must be disclosed as a fundraising event. See Chapter 9 for instructions on how to report these receipts.

FUNDRAISER PERSON
KRS 121.170(2); 32 KAR 2:070; KRS 121.015(11)

Candidates for an office in a jurisdiction containing in excess of 200,000 residents and candidates for statewide offices should be aware of the laws regarding persons who act as fundraisers. A “fundraiser” is defined in KRS 121.015(11) as a person who acts as a fundraiser by directly soliciting and receiving contributions for the aforementioned election campaigns. When a fundraiser directly solicits and receives contributions for a candidate in excess of $3,000 in an election, he or she is required to register with the Registry as a fundraiser and must file Election Finance Statements. To obtain the registration form and the campaign finance reporting form, go to the Registry’s website at www.kref.ky.gov or call (502) 573-2226.
Pursuant to the administrative regulations promulgated by the Registry, the following activities will not qualify a person as a fundraiser required to register:

- Acting as a campaign treasurer
- Performing clerical functions such as receiving contributions or preparing and filing campaign finance reports
- Communicating an endorsement of a candidate or slate of candidates which indirectly results in the receipt of contributions, provided that the communication is not followed by one-on-one direct oral or written solicitation of contributions by the person making the endorsement; or
- Acting as host of a social event at one’s residence or place of business, provided that the host does not directly solicit and receive contributions in excess of $3,000.

**RESPONSIBILITIES UNDER THE INTERNAL REVENUE CODE**

Questions about the registration, disclosure and annual tax reporting requirements of the Internal Revenue Service (IRS) should be directed, both at the start of and continuing throughout the campaign, to IRS Customer Service at 1-877-829-5500, and the caller should request assistance from an Exempt Organizations Specialist. You may also find additional information at the IRS website: http://www.irs.gov/charities/political.

**RECORDS**

*Public Inspection of Reports*
KRS 121.120(4)(d); KRS 121.180(8)

All reports filed by the campaign are available for public inspection and copying in the Registry’s Frankfort office. Copies of reports may also be ordered by mail, and all orders are filled on a first-come, first-served basis. For more information, call (502) 573-2226. A duplicate copy of each report filed with the Registry must also be on file with the local County Clerk’s office. Also, check the Registry’s website, as reports from many races are available online.

*Record Retention*
KRS 121.160(2)(d)

Candidates are required to retain all receipted bills and accounts for **six years** from the date the last report is filed with the Registry.
Custodian of Records

The candidate must authorize someone to preserve the campaign’s records for six years after the last report has been filed. The Registry should be supplied with the name, mailing address, and the phone number of the individual responsible for maintaining these records.

PROHIBITED ACTIVITIES

Solicitation of State Employees
KRS 121.150(22); KRS 121.320

Neither a candidate nor anyone acting on his or her behalf may solicit a contribution of money or services from any merit or non-merit state employee. However, a state employee may receive a solicitation directed to him or her as a registered voter in an identified precinct as part of an overall plan to contact voters not identified as state employees. In other words, you may not target state employees when soliciting contributions of services or money.

Vote Buying
KRS 121.055

No candidate for nomination or election to any office shall expend, pay, promise, loan or become liable in any way for money or anything of value to any person in consideration for his or her vote.

Political Advertising Rate
KRS 121.065(1)

Entities that sell advertising space or time to the public, such as newspaper and magazine publishers, owners or lessors of billboards, and radio and television stations, may not charge fees for political advertising that are not comparable to those charged to other advertisers.

NOTES:
DISCLAIMERS
KRS 121.190(1); 32 KAR 2:110

All newspaper or magazine advertising, posters, circulars, billboards, handbills, sample ballots and paid for television or radio announcements which expressly advocate the election or defeat of a clearly identified candidate or group of candidates for nomination or election to any public office shall be identified by the words “paid for by” followed by the name and address of the individual or committee which paid for the communication; except that if paid for by a candidate, slate of candidates, or campaign committee, it shall be identified only by the words “paid for by” followed by the name of the candidate, slate of candidates, or campaign committee, whichever is applicable.

Printed communications that must contain a disclaimer include newspaper or magazine advertising, posters, circulars, billboards, yard signs, handbills, and sample ballots. For television and radio broadcasts, compliance with the Federal Communication Commission’s regulation regarding sponsored programs and broadcasts by candidates for public office shall be considered in compliance with this section. See 32 KAR 2:110 for further information. The following examples provide the required wording for disclaimers in printed materials:

Printed advertising and communications paid for by Jane Doe’s campaign would contain the following disclaimer:

Paid for by Jane Doe

If the Jane Doe campaign has registered a committee named “Committee to Elect Jane Doe”, the disclaimer for printed advertising and communications paid for by the Committee on behalf of Jane Doe’s campaign would read:

Paid for by The Committee to Elect Jane Doe
The following disclaimer, if used, would **NOT** be in compliance with the statute, and should **NOT** be used:

**Paid for by Candidate**

If someone other than Jane Doe’s campaign or committee pays for the communication, the disclaimer must contain the **name and address** of the individual or group that paid for the ad. The disclaimer in this example would read as follows:

**Paid for by**

**John Smith, 700 Walnut Street, Frankfort, KY  40601**

or

**Paid for by Franklin County Democratic Executive Committee**

**300 Frankfort Avenue**

**Frankfort, KY  40601**

**Items Exempted**

32 KAR 2:110

The Registry has exempted certain items from the disclaimer requirement, including balloons, calling cards, emery boards, bumper stickers, matchbook covers, pencils, shirts, and caps. **Any calling card smaller than 3 ½ x 5 inches does not require a disclaimer.** (This list is an example for candidate guidance and does not include all items which may be exempted.)

Multiple page mailings will be considered in substantial compliance if at least one page of the mailing includes a disclaimer.

Envelopes stamped with a return address which includes the name of the candidate or campaign committee indicating that the candidate is seeking election to public office shall not be required to include a disclaimer, provided that at least one piece of the envelope’s contents includes a disclaimer.

There is no specific location for the disclaimer to be printed and no specific font size that must be used.
QUESTIONS COMMONLY ASKED BY CANDIDATES

I paid my filing fee for office with my own personal funds. How do I report that on the Election Finance Statement?

The filing fee may be reimbursed to the candidate from the campaign bank account. The reimbursement should be shown as a disbursement on Schedule 2 of the Election Finance Statement. Some people, however, believe they were not a candidate for office until after the fee was paid. Therefore, they do not include the fee as an expense of the campaign. Either option is acceptable.

May a member of the General Assembly receive any contributions while the legislature is in session?

This question falls under the jurisdiction of the Legislative Ethics Commission. You should contact the Legislative Ethics Commission directly. See Appendix B.

May I hold a raffle in order to raise funds?

A “raffle” is defined by KRS Chapter 238 as a form of “charitable gaming” under the jurisdiction of the Department of Charitable Gaming. Under current Kentucky law, charitable gaming can only be conducted to benefit common schools or organizations that qualify as charitable organizations under the Internal Revenue Code. Political campaigns and committees are not charitable organizations under the Internal Revenue Code. Instead they are political organizations. For these reasons, a campaign or committee acts in violation of Kentucky law by holding a “raffle” to collect campaign contributions. A “raffle” is distinguishable from a “door prize” in that a person must pay for the chance to win an item in a “raffle”, as opposed to anyone in attendance at an event having the opportunity to win a “door prize”. You may call the Department of Charitable Gaming at (502) 573-5528 for further information.

May I accept a contribution I received in the mail after the date of the election?

Candidates may accept contributions after the date of the election. The treasurer will need to determine if the contribution is for the current election, or if the contribution should be attributed to the next election for the candidate.

May a candidate be a radio personality and continue doing a radio show once he or she becomes a candidate? Does the radio have to give equal time to other candidates?

The Federal Communications Commission should be contacted. See Appendix B.

For additional frequently asked questions, you may visit the Agency’s website at: www.kref.ky.gov
REPORTING & RECORD KEEPING

One of the primary purposes of the Kentucky campaign finance laws is to provide public information about the financing of political campaigns. Political campaigns and political committees are required to file periodic reports with the Registry of Election Finance. The source of contributions to the campaigns or committees must be disclosed, as well as the amount given, the occupation and employer of each contributor, whether the money was from a fundraising event, and how the money was spent.

The key to complying with the reporting requirements is to keep detailed records of each contribution and expenditure.

Before attempting to complete any campaign finance forms, a thorough review of this Guide is necessary.

DUTIES OF THE TREASURER
KRS 121.160; 121.170(3)

The selection of a campaign treasurer is an extremely important decision, not only because he or she plays such an integral role in the campaign, but also because the candidate or slate of candidates may ultimately be held responsible for the acts or omissions of the treasurer. An individual who accepts the responsibility of being a treasurer should be aware of the penalties that may be imposed for failure to file campaign finance reports and failure to file complete and accurate reports. It is an important responsibility and should be taken seriously.

The duties of the campaign treasurer are set out by KRS 121.160. The treasurer is charged with the responsibility for depositing all contributions into the campaign account, keeping detailed records of contributions, monitoring compliance with contribution limits, and making or authorizing all expenditures. The treasurer is also responsible for complying with all reporting requirements and maintaining all campaign records.

Keeping and maintaining complete records of the campaign from start to finish is essential for a successful campaign. The lack of good records may lead to unnecessary time and effort in looking for records at critical times in the campaign. In deciding what kind of recordkeeping system to implement, the treasurer should keep in mind that the Kentucky campaign finance laws place great emphasis upon complete and full disclosure of campaign finance information. Any system that is designed must be done with this in mind.
KRS 121.160 provides that the duties of a treasurer are as follows:

- Open a bank account and designate that account “Campaign Fund of (Name of Candidate, Slate of Candidates, or Committee).”

- Deposit all contributions into the campaign depository account, including the candidate’s own contributions of money.

- Keep detailed records of ALL contributions. One of the best ways to accomplish this is to keep copies of each contribution check received. For contributions in excess of $100, record the name, address, employer, and occupation of each contributor or if self-employed, the name under which the contributor is doing business. Be specific in listing the occupation of the contributor. A general classification such as “businessman” is insufficient. (Candidates seeking a statewide office are also required to list the contributor’s spouse by name, occupation, and employer.)

- Keep detailed records of ALL contributions from Permanent Committees (PACs). The law requires itemization of all PAC contributions regardless of amount. The treasurer is also required to report the major business, social, or political interest represented by each PAC.

- Keep detailed records of ALL contributions from Caucus Campaign Committees and Executive Committees. Contributions over $100 must be itemized; however, all contributions from Caucus Campaign Committees and Executive Committees must be accounted for separately from other receipts.

- Make or authorize all expenditures on behalf of the campaign from the campaign’s account. Expenditures in excess of $25 must be made by check. Records and reports must indicate the name, address, and occupation of every payee, as well as the date, amount, and purpose of the expenditure. Be sure to keep a receipted bill for each of the expenditures.

- Maintain all records, including receipts and bills, for six years from the date the last report is filed.

- Avoid making a payment to someone not directly providing goods or services to the committee in the attempt to conceal payment to someone else.

- Prepare and file separate reports for each candidate, if serving as a treasurer for more than one candidate.

Often, treasurers for candidates are professional bookkeepers or certified public accountants who volunteer their professional services as treasurers. However, corporate assets belonging to the treasurer’s employer are not allowable contributions. Therefore, any use by the treasurer of corporate assets should be billed to the campaign and paid for with campaign funds. 32 KAR 2:170
NEW TREASURER
KRS 121.160(4)

If the campaign treasurer is removed, dies or resigns, the campaign must, within three
days after receiving notice thereof, appoint a new treasurer and file the name and address
of the new treasurer with the Registry. A candidate shall be accountable as his or her own
treasurer if he or she fails to meet this filing requirement.

CAMPAIGN BANK ACCOUNT
KRS 121.220

The first duty of a campaign treasurer is to designate a bank depository in which the primary
campaign account will be maintained. Only a financial institution authorized to do business
in Kentucky may be designated as a campaign depository. The name of the account should
be “Campaign Fund of (Name of Candidate, Slate of Candidates, or Committee).” This
must be done before receiving or spending any money for the campaign.

The treasurer is urged to contact the Internal Revenue Service prior to opening a bank
account. See page 50.

It is recommended that the campaign open an account at a bank that provides copies of
cancelled checks with their monthly statement. It may save the campaign the extra expense
of paying for check copies that may be needed at a later date. The campaign’s account
should be reconciled to the campaign finance reports regularly.

REPORTING FORMS
KRS 121.120(4)

Reporting forms (Election Finance Statement - KREF 006) may
be obtained from the Registry’s website (www.kref.ky.gov) or by
contacting the Registry to have the forms mailed.

All forms may be typed, printed, or computer generated, as long as
the forms are legible. Campaigns submitting illegible documents
will be required to resubmit a legible copy. The campaign must file the original document
with the Registry. A duplicate copy of each report must be filed with your local
County Clerk, and the campaign should keep a copy for the campaign records. Slates
of candidates for Governor and Lieutenant Governor are required to file a copy in each
slate member’s county of residence.

Note:
The forms may be duplicated as needed. If forms are computer generated, you must use the same
format as the Registry’s forms on 8 1/2 x 11 paper. The report must be legible and printed in a
font size that can be easily read.
ELECTRONIC REPORTING  
KRS 121.120(6); KRS 121.180(12)-(18); 32 KAR 2:220

KRS Chapter 121 permits electronic reporting of campaign finance data, and the Registry encourages this filing option for candidates. Candidates who wish to report electronically should consult the Registry’s website at www.kref.ky.gov. The website provides information about how to get started if you wish to file electronically.

REPORTING PERIOD  
KRS 121.180(3)

Each Election Finance Statement covers activity during a specific time period. Each report begins where the last report ends. There should never be gaps between the periods covered and there should not be an overlap of time periods. See Chapter 8 for the reporting schedules.

RECORDS OF CONTRIBUTIONS/RECEIPTS  
KRS 121.160(2)

The procedure for recording contributions received should enable the treasurer to maintain a continuing total of all contributions received, as well as a cumulative total received from any one contributor. KRS Chapter 121 requires that detailed records of all contributions be kept.

Accepting Contributions  

Remember that all contributions must be recorded in the campaign’s records. Contributions exceeding $100 in the aggregate per election are reported on Schedule 1A, Itemized Receipts of the Election Finance Statement, or as cash, anonymous or unitemized receipts on the Summary Page of the Election Finance Statement.

See sample Contribution Card on page 59. This sample contribution card is suggested for use by candidates to gather contributor information and is not a mandatory requirement of the Registry.

Each Candidate should create a form with the above listed information.
What Does it Mean to “Itemize”?  

The term “itemize” used in this guide means to fully disclose the name and address of the contributor, date of the contribution, amount of contribution, type of receipt, and the specific occupation and employer for each contributor, or the name under which the contributor is doing business, if the contributor is self-employed. Statewide candidates must also provide for each contributor the spouse’s name, occupation and employer. If the contributor is a PAC, the political interest represented by the PAC must be given.

What Does “Aggregate” Mean?  

The term “aggregate” used in this guide indicates a campaign has to keep a running total of all contributions from an individual or group on a per contribution, per election basis. When a contributor’s total aggregate contributions exceed $100 in an election, the campaign must itemize the contribution by providing the required contributor information.

Identifying Contributions of $100 or Less  
KRS 121.160(2)(b)

Campaign finance law does not require the treasurer to report detailed and exact accounts of contributions of $100 or less. However, internal campaign records must be maintained to identify the sources of contributions as they occur in order to aggregate each individual or organization contribution with subsequent contributions by that particular individual or organization. (Contributions to campaigns are aggregated on a per contributor, per election basis for the purpose of monitoring contribution limits.)

Identifying Contributions Exceeding $100  
KRS 121.160(2)(b)

For contributions by any individual or organization which exceed $100 in the aggregate, the treasurer’s records must identify the contributor by name, address, age if under 18, occupation and employer of the contributor, or if the contributor is self-employed, the name under which the contributor is doing business, along with the date and amount of the contribution. Statewide candidates must also provide for each contributor the spouse’s name, occupation and employer. Be specific in listing the contributor’s occupation. For example, the use of a general classification such as “businessman” or “businesswoman” is insufficient. Additionally, for each in-kind contribution, the treasurer should keep a record of the value of the item or service and a brief description.
Aggregating Monetary and In-kind Contributions
KRS 121.150(6)

Monetary and in-kind contributions are aggregated for the purpose of applying the contribution limits. Whenever a dollar amount is mentioned, it refers to any aggregate or combination of monetary and non-monetary contributions.

Identifying Contributions from PACs
KRS 121.180(3)(a)(1)

Keep detailed and exact accounts of contributions of any amount made to the campaign by a PAC. Your reports should disclose the name of the PAC, its address, date of the contribution, amount contributed, and a description of the major social or political interest represented by the PAC. You may refer to the Registry’s list of registered PACs available at www.kref.ky.gov to obtain detailed information about a PAC.

Joint Contributions
KRS 121.150(6)

A joint contribution is a contribution that is made by more than one person using a single check or other written instrument. It is acceptable, however, only if the check is drawn on a joint bank account and each person to whom the contribution is to be attributed has signature authority on the joint bank account. While it is preferable for each joint owner to write and sign his or her own contribution check, two or more individuals may each make a contribution using one check drawn on a joint account.

When making a joint contribution, each contributor must sign the check (or other written instrument) or a statement that accompanies the contribution check. If the check or statement does not indicate how much should be attributed to each donor, the campaign should attribute the contribution in equal portions.

The campaign should retain any statement that accompanies a joint contribution. If the designation appears on the face of the check itself (or other written instrument), the campaign should retain a photocopy.

Note that a joint contribution must represent the personal funds of each donor because contributions made in the name of another are prohibited.
**Contributions from Spouses**  
KRS 121.150(12)

A husband and wife each have a separate contribution limit. A couple may transmit a contribution via one check drawn on a joint bank account (for example, a check for $2,000 for an election), as long as both sign the check or an attached statement.

**Partnership Contributions**  
KRS 121.150(12)

A campaign may accept a contribution from an individual who is a partner in a partnership. The partner may contribute from personal funds or from partnership funds that are credited to the individual partner.

A campaign may accept a contribution from two or more individuals who are partners in a partnership. If the contribution is transmitted jointly on a partnership check, the partnership must provide written instructions signed by each partner regarding the percentage to be attributed to each partner. The amount attributed to an individual partner counts toward that individual's contribution limit. The name of the partnership is not recorded as the contributor.

Alternatively, a partnership of two or more individuals that contributes collectively to a campaign from time to time with funds derived solely from the partners may qualify and contribute as a contributing organization. A campaign that accepts a contribution from a partnership qualifying as a contributing organization must record the contribution under the name of the partnership but is not required to record information regarding the individual members of the contributing organization.

Campaigns are not permitted to accept corporate contributions. Campaigns should not accept a partnership check from a partnership that is the subsidiary of a corporation or has a corporation as a partner.

*Details of the reporting of partnership contributions may be found on the page 63.*
(OPTION 1)
MAKING A CONTRIBUTION AS AN INDIVIDUAL WITH PARTNERSHIP FUNDS:

Each individual partner may contribute a maximum of $1,000 per candidate per election. The individual partner may do this with partnership funds that are credited to the individual partner or with personal funds.

The Candidate’s Reporting Responsibility

When a campaign receives a contribution written from partnership funds with a list of individual partners and the amount each partner contributed, the campaign reports the contribution as being received from each partner — not from the partnership itself. If the contribution is over $100 per contributor, the campaign discloses the name, address, occupation, employer, date and amount that each partner gave to the campaign. If the contribution is $100 or less, the campaign reports the contribution as an unitemized contribution.

The Partnership’s Reporting Responsibility

When individual partners in a partnership make political contributions written from partnership funds, the partnership must include a list with its contribution to the campaign disclosing the following information: name, address, occupation, employer, date and amount that each partner gave to the campaign.

(OPTION 2)
MAKING A CONTRIBUTION AS A CONTRIBUTING ORGANIZATION WITH PARTNERSHIP FUNDS:

The Candidate’s Reporting Responsibility

When a campaign receives a contribution from a Contributing Organization in excess of $100, it must itemize the contribution on the report by: organization’s name, address, date contribution was received, and amount received. If the contribution is $100 or less, the campaign reports the contribution as an unitemized contribution.

The Partnership’s Reporting Responsibility

When a partnership makes a contribution as a Contributing Organization in excess of $100, it must file a “Contributing Organization Report” with the Registry. This report shows the partnership made a political contribution, to whom it was made, date, amount of the contribution and the source of funds.

(See page 64 for sample Contributing Organization Form.)

KREF 012 Revised 05/2005 Distributions: White to Registry - Canary to Contributing Organization
Remedying an Excessive Contribution

When a campaign receives an excess contribution, one that exceeds the donor’s aggregate limit for the election, the campaign should return the contribution before depositing it into the campaign bank account. The campaign should keep a written record or photocopy of each returned contribution for its records.

If the contribution check has been deposited, the campaign must report it. The campaign should immediately refund the excess amount and report the refund as a “receipts adjustment.” If the contribution is in the form of a check drawn on a joint account, the campaign may seek a reattribution of the contribution between the owners of the joint account.

A prohibited contribution received by a campaign shall not be considered “accepted” so long as the contribution is refunded by the candidate or committee within thirty (30) days from the date of deposit and the campaign does not otherwise spend or obligate the funds based on the deposit. See 32 KAR 2:130.

See the discussion on joint contributions on page 61.

Unwanted Contributions

When a campaign receives an unwanted contribution, the contribution should be returned to the donor without depositing it. If the campaign returns the check without depositing it, the contribution does not have to be reported. The campaign should keep a written record or photocopy of each returned contribution. If the contribution is deposited in the campaign’s account, it must be reported.

Refund of a Contribution

When a campaign refunds a contribution to a donor, the campaign must report the refund as a “receipts adjustment” rather than as a campaign expenditure. If the campaign did not itemize the receipt on a previous report, it subtracts the amount of the refund from the total for the appropriate category of receipts (i.e., unitemized, cash or anonymous). The reduced total is entered on the Summary Page.

If the campaign previously itemized the receipt, it itemizes the refund as a negative entry on the appropriate Receipts Schedule 1.

Checks Returned Due to Insufficient Funds

If the campaign reports the receipt of a check and later finds it cannot be negotiated because of insufficient funds in the donor’s account, the campaign should deduct the amount of the check on its next report. If the campaign did not itemize the receipt on a previous report, it subtracts the amount of the check from the total for the appropriate category of receipts (i.e., unitemized). The reduced total is entered on the Summary Page. If the campaign previously itemized the receipt, it itemizes the return of the check as a negative entry on the appropriate Receipts Schedule 1.
**Investments**

Invested funds are included in the amount of cash on hand. The campaign should not report any investment as a disbursement, since the money is still an asset. A campaign must report interest income received during the reporting period in the “Other Receipts” category.

**REPORTING THE EXPENSES OF THE CAMPAIGN**

**Treasurer’s Responsibility**
KRS 121.160(2)(c); KRS 121.220(1)

It is the treasurer’s duty, by law, to make or authorize all expenditures on behalf of the campaign and only from funds which have first been deposited into the campaign account.

**Reporting Disbursements**
KRS 121.160(2)(c)

Each expenditure must be reported on Disbursements Schedule 2 regardless of the amount of the expenditure. For expenditures over $25, the report must disclose the name, address, and occupation of the payee, and the date, purpose and amount of the expenditure. For expenditures of $25 or less, the report must disclose the purpose, date and amount of each expenditure.

**Expenditures by Check**
KRS 121.160(2)(c); KRS 121.170(3); KRS 121.180(3)(a)(5); 32 KAR 2:200

The campaign treasurer must make all expenditures from the campaign account. All expenditures must be recorded and the report must disclose the date, amount and purpose. If the expenditure is over $25, it must be paid by check, and in addition to the date, amount and purpose, the campaign must report name, address and occupation of the payee. However, it is recommended that all expenditures be made by check from the campaign account. **Also see “Vote Hauling,” page 68.**

For each expenditure the campaign makes, it must maintain a receipt, invoice, statement, or contract to support it. The campaign must retain these documents for six years from the date the campaign’s report was filed.
OTHER DISBURSEMENTS

*Joint Expenditures*
KRS 121.160(2)(e)

If advertising is purchased in conjunction with another campaign or organization, each campaign or organization must pay for its share of the cost with a separate check, rather than one campaign or organization paying for the total cost and being reimbursed by the other campaign or organization. This method of paying for joint advertising ensures that the campaign complies with KRS 121.160(2)(e). The campaign should maintain an invoice, receipt, contract, or other documentation to support its respective share of shared advertising costs.

*Disbursement Adjustments*

Refunds received on deposits (such as telephone and other utility deposits), refunds received from overpayment of bills, and the proceeds from the liquidation of committee property (such as office furnishings and equipment) are considered offsets to operating expenditures.

Offsets to operating expenditures are reported as “disbursement adjustments” on Schedule 2 in the period in which the refunds or proceeds are received.

*Disbursements for Multiple Purposes*
KRS 121.160(2)(e); 32 KAR 2:200

If a single purpose does not fully and clearly describe the services rendered or goods purchased, and space on the reporting form does not allow for a complete description, the campaign should attach supplemental information to its report.

For example, payments made on behalf of the campaign by an agent hired by the campaign (i.e., advertising agency, consultant, credit card expenses) must be fully disclosed on the campaign’s reports, even though the actual payment was made by the agent.

When listing payments to “campaign workers,” identify what service was provided (i.e., campaign literature distributed, signs put up or removed, canvassing, or vote hauling).

*Invoices for Disbursements*
KRS 121.120(4)(j); KRS 121.120(4)(k); KRS 121.160(2)(d)

The treasurer should not make any disbursement without an invoice or receipt provided by the person to whom the payment is to be made. The invoices and receipts are to be maintained by the treasurer and made available for reasonable inspection and auditing by the Registry.
Reimbursements
KRS 121.160(2)(e)

To the extent possible, all expenses of the campaign should be approved in advance of incurring the expense, and the vendor should be paid directly. The law contains specific language prohibiting the treasurer from making a payment to someone not directly providing goods or services to the campaign in an attempt to conceal a payment to someone else.

If a member of the campaign or the candidate does use personal funds for campaign-related expenditures, the campaign treasurer should require the original receipts and invoices obtained by that individual to be submitted at the time the campaign reimburses the individual.

Vote Hauling
KRS 119.205(5); 32 KAR 2:200 § 1(4)

The law requires that all payments to persons transporting voters on election day are to be made by check, regardless of the amount paid to each individual. The campaign must pay each person directly and individually who transports voters. Lump sum payments to third parties for distribution to transporters are not acceptable. Each person paid for transporting voters to the polls must be reported as a disbursement by name, address, and occupation.

EVENTS
KRS 121.180(5)

The Events Schedule 3 is used to report fundraising activity and the date of events. If the event raises funds, the total gross receipts from each event, as well as any expenses, must also be reported.

Events such as rallies, dinners, luncheons and testimonials are considered fundraising events. The entire cost to attend the event is considered a contribution.

The sale of items such as hats, shirts and similar materials must be disclosed as a fundraising event. The entire purchase price of the item is considered a contribution.
DEBTS AND OBLIGATIONS

Loans

All loans received by the campaign from individuals or a bank must be itemized and continuously reported until repaid. Loans are reported on the Itemized Receipts Schedule 1A and on the Debts and Obligations Schedule 4 of the Election Finance Statement.

Initial Receipt of a Loan

The campaign must report the receipt of a loan as an “Other Receipt.” This is recorded on the Itemized Receipts Schedule 1A, in Column 4c and also must be recorded on the Debts and Obligations Schedule 4 of the Election Finance Statement.

Loan Repayments

A repayment of a loan is not recorded as an expenditure. It is recorded as a “receipts adjustment” on the Itemized Receipts Schedule 1A and should also be reflected on the Debts and Obligations Schedule 4 of the Election Finance Statement. Payments to reduce the principal on a loan must be itemized, regardless of the amount.

Debts Other Than Loans

KRS 121.180(3)(a)(5)

Campaign finance law requires that all expenditures “authorized, incurred, or made” be reported. Agreements to make expenditures should be reported as estimated obligations until actual payment is made. A contract for services (for example, a contract for radio advertising) constitutes an agreement to make an expenditure and should be reported as a debt until paid.

Debts Owed by the Campaign

An Election Finance Statement is incomplete if it fails to include debts the campaign is obligated to pay but, for whatever reason, has not paid as of the date the Election Finance Statement is filed.
SUMMARY PAGE - BALANCE STATEMENT

When all schedules have been completed, the grand totals from each schedule must be transferred to the Summary Page.

Internal records should be maintained in a manner that will enable the treasurer to easily transfer “Receipts In Currency,” “Anonymous,” and “Unitemized Contributions” to the Summary Page.

Copies of the campaign’s previous reports must be maintained in order to complete Column II, Cumulative This Election.

With the exception of deposits in transit and checks that have not cleared the campaign account, the ending balance should reconcile with the bank records.

TREASURER’S DILIGENCE KEY TO AVOIDING VIOLATIONS
32 KAR 2:130

Best practice involves the Treasurer’s due diligence in reviewing all contribution instruments before deposit to ensure the contribution is not prohibited as excessive or corporate in nature saves the campaign the time and trouble of refunding a campaign contribution and subsequently reporting the transaction.

If, however, the campaign finds that prohibited contributions have been deposited into the campaign account, so long as a campaign quickly and expediently reviews its deposited contributions, does not obligate or otherwise spend funds based on the deposit, and effects any necessary refund within thirty (30) days from the date of deposit, the mere act of making the initial deposit of a prohibited contribution does not constitute acceptance of the contribution in violation of KRS 121.150. However, all contributions and refunds must still be reported on duly filed election finance statements.
WHERE TO FILE REPORTS

Election Finance Statements are to be filed with the Registry of Election Finance, 140 Walnut Street, Frankfort, Kentucky 40601. You may mail, fax, electronically file or hand-deliver the report. A duplicate copy of the report must be filed with the County Clerk’s office in the candidate’s county of residence. Slates of candidates for Governor and Lieutenant Governor are required to file a copy with the County Clerk in each slate member’s county of residence. Retain a copy for your records. You may file documents with the Registry by any of the following methods:

MAIL:
Reports must be U.S. postmarked. The report must be received or U. S. postmarked no later than the grace period ending date.

FAX:
Reports may be faxed to the Registry at (502) 573-5622, to be received no later than the grace period ending date. The original must still be submitted either by mail or hand-delivered. It is recommended that you keep a copy of the transmission report showing that the fax was sent successfully.

ELECTRONIC TRANSMITTAL:
Reports electronically filed with the Registry are to be received no later than the grace period ending date. It is recommended that you keep a copy of the email showing that the electronic file was successfully received by the Registry. A physical copy of the report containing an original signature from either the candidate or the treasurer must still be submitted by mail or hand-delivered to the Registry.

HAND-DELIVERED:
Hand-delivered reports should be delivered between the hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, no later than the grace period ending date.

When the grace period ending date falls on a weekend or a legal holiday, the report will be due on the next business day.
WHEN TO FILE REPORTS

Reporting Period
32 KAR 2:100

Each report covers activity during a specific time period. Generally, a report begins where the last report ended. There should never be gaps between the periods covered. For each report filed, the beginning balance must be the same as the ending balance of the previous report. The treasurer should also reconcile the reported ending balance to the campaign’s bank balance before the report is filed.

Exception: For successful candidates in the Primary, the 30-day and 60-day Post-Primary reporting period will overlap with the 32-day Pre-General reporting period. The primary campaign may still have outstanding debts to pay and report on the 30-day and 60-day reports. At the same time, the campaign may begin accepting contributions and making new expenditures for the general election. Receipts received and new expenditures made for the general election are to be reported on the 32-day Pre-General Report - not the Primary Report.

Reporting Schedule
KRS 121.180

The number of campaign finance reports a candidate is required to file is determined by the amount of money that the candidate indicates will be raised or spent during an election.

Based on the exemption (KREF 001) elected by your campaign, use the reporting schedules on the next pages to determine your reporting due dates.

Individuals who notify the Registry in a year preceding the election of the intent to become candidates shall be required to file quarterly campaign finance statements until the year that office will appear on the ballot. In the year of the election, the candidates will file campaign finance statements required for the current election based on the indicated spending option selected on the KREF 001 form. KRS 121.180(3)(b).

Supplemental Reporting
KRS 121.180(7); 32 KAR 2:100

If a candidate’s 30-day post-election report shows an unexpended balance or outstanding debt, he or she is required to file a supplemental report within 60 days after the election.

The Registry has promulgated an administrative regulation (32 KAR 2:100) to simplify the candidate’s bookkeeping and reporting as explained below.

If you are a successful primary candidate and you will be going on to run in the general election, you should close out your primary reporting as follows:

➢ Pay all the bills.

➢ Indicate any disbursements made on your supplemental report, show any remaining debts you owe, and sign the “Certificate of Debt Assumption” at the bottom of Schedule 4 of the Election Finance Statement.

➢ When you file your first report for the general election, indicate the funds you have transferred from the primary.

➢ Any expenses incurred or contributions received after the date of the primary should be reflected on your 32-day pre-general election report rather than on your 60-day supplemental. (Note: reporting periods overlap)

➢ Any expenses incurred after the date of the primary election that are primary election expenses should be reflected on your primary post-election finance statement. Any expenses incurred after the date of the primary election that are general election expenses should be reflected on your 32-day pre-general election finance statement rather than on your 60-day post-primary election supplemental finance statement. (Note: reporting periods overlap)

➢ Any contributions received after the date of the primary election should be reflected on your 32-day pre-general election finance statement, unless the face of the check or accompanying check documentation indicates otherwise.

If you are a candidate and your 30-day post-election report shows an unexpended balance or outstanding debt, you are required to file a supplemental report within 60 days after the election.

For disposition of unexpended campaign funds, see page 107.
Annual Reporting
KRS 121.180(7)

If a candidate’s 60-day post-election report shows an unexpended balance of funds or outstanding debt, he or she is required to file subsequent supplemental reports annually, to be received not later than ten days after November 1 of each year until the account shows no unexpended balance or outstanding debt.

RECONCILING THE BANK ACCOUNT

Every effort should be made to reconcile the bank statement with the Election Finance Statements as soon as possible. Record any miscellaneous charges, such as bank service charges, on the Election Finance Statements as disbursements. Record any interest earned as a receipt.

The balance on a bank statement is always reconcilable, and the treasurer should continue until the bank statement agrees exactly with the reported transactions.

FILING AMENDMENTS

The campaign must file an amended report if it discovers that an earlier report contained erroneous or incomplete information. The campaign should not wait until the next reporting period to file an amendment. Amended reports should be filed as soon as the error is discovered, or as soon as any previously missing information is available. In addition to penalties for the failure to file reports, the law also provides penalties for filing inaccurate or incomplete reports.

When filing an amended report, the campaign should indicate on the cover page of the report that the document is an amended report. The campaign should file a corrected version of the schedule(s) that contained the incomplete or incorrect information.

See sample Election Finance Statement beginning in Chapter 9.

Notes:
The following section is designed to provide comprehensive instructions for completing the Election Finance Statements. This section contains examples and explanations for numerous types of transactions. A campaign that utilizes a well-planned record keeping system should be able to complete the Election Finance Statement with ease. However, if you have questions concerning your report that do not appear to be covered here, please call the Registry for assistance.

NOTE: As long as certain criteria are met, the Registry will accept Election Finance Statements produced through the use of a computer. These statements must be on standard letter-sized paper, contain the same information in the same format as required on Registry forms, and be legible.

When an Election Finance Statement arrives at the Registry, each statement is logged by the date received and reviewed for completeness and compliance with campaign finance laws. Therefore, it is very important that all information is included and recorded appropriately.

NOTE: The following example is a 30-day Post Election Finance Statement for a primary election. Keep in mind that in this example the candidate has previously filed reports and therefore has a beginning balance. You will also note some of the contributors’ cumulative totals are calculated by using figures from previous reports. This report is entirely fictitious.

THE COVER PAGE

Complete the information for names, addresses, telephone numbers, office and election date where appropriate. Please include daytime telephone numbers for appropriate personnel so Registry staff may quickly resolve any questions that may arise.

Make sure that the time period the statement covers (Box 4) is consistent from one report to the next. For example, if the last report filed covered April 14 through May 11, then the next report should cover from May 12, as shown. It is easy to inadvertently omit activity by beginning with the wrong date of a reporting period.

Note that the Election Finance Statement should only include information for the election shown on the cover page.

If there was no activity in the campaign for the period the statement covers, a report must still be filed but the campaign will check the box marked “No Activity.” Indicate the ending balance from the last report filed and any debts and obligations owed by the campaign on the appropriate lines on the Summary Page.

Either the candidate or the treasurer may sign and date the Election Finance Statement. KRS 121.160.

ITEMIZED RECEIPTS  
SCHEDULE 1A (CONTINUED)  

DIRECT FROM A PERSON OR AUTHORIZED ENTITY

A contribution direct from a person or authorized entity is typically a contribution that comes from an individual citizen. It is not a contribution from a permanent committee (PAC), executive committee, caucus campaign committee or the result of a fundraising activity. A contribution “direct from a person or authorized entity” must be itemized (by including the name, address, occupation and employer) when a contributor’s aggregate contribution total exceeds $100. Statewide candidates must also record the contributor’s marital status, and if married, the name of the contributor’s spouse, and the spouse’s employer and occupation. The “Cumulative for Election” total shown in Column 5 is the sum of aggregate monetary and in-kind contributions from this contributor as of this contribution.

This individual contributor has made a single contribution to date during this election.

Contributions received because of a fundraising event (except from permanent committees or executive committees) are itemized when the contributor’s cumulative contribution total exceeds $100. FROM FUNDRAISER (PERSON)

Most campaigns do not meet the requirements for having a “registered fundraiser.” See page 49. If your campaign does have a registered fundraiser, all contributions raised through this person must be shown as such on the report. All contributions raised by a particular “fundraiser” will also be shown on a report the “fundraiser” is required to file with the Registry. CONTRIBUTION RETURNED FOR INSUFFICIENT FUNDS (NSF) OR STOPPED PAYMENT

Occasionally, a check received from a contributor will not clear the contributor’s account. When the campaign becomes aware that a reported contribution has been returned for insufficient funds, that transaction should be reported as a “receipt adjustment,” which serves to correct the campaign balances.

IN-KIND CONTRIBUTIONS

In-kind contributions are contributions of something of value, other than money. The same requirements for reporting monetary contributions apply to reporting in-kind contributions. A description of the in-kind contribution is included in Column 4b, “Description and Value of In-kind.” The “value” amount of the in-kind contribution is also shown in Column 4b. The “value” of the in-kind contribution should reflect the fair market value of the item(s) or what that contribution would cost if it were purchased from its original source.

When the campaign repays all or part of a loan, the repayment is shown as a “receipts adjustment.” The amount of the payment is subtracted from the receipts so the campaign’s cumulative receipts are not overstated. ITEMIZED DISBURSEMENTS SCHEDULE 2

All disbursements, regardless of amount, must be recorded. Disbursements over $25 must be made by check. Additionally, disbursements over $25 must be itemized, showing name, address and occupation, if the payee is an individual.

This is an example of a payment made to a business for over $25. Notice that the purpose is specific. Instead of saying “Printing” the description says “Print flyers for mailout.”

When a campaign receives a refund, it should be shown on the Election Finance Statements as a “Disbursement Adjustment” and not an “Other Receipt.” The amount of the refund is subtracted from the disbursements so the campaign’s cumulative disbursements on the Summary Page are not overstated. This treatment prevents refunds from affecting the PAC, Caucus Campaign Committee, and Executive Committee percentage calculations as well as preventing the campaign’s cumulative receipts from being overstated.
When a campaign pays people to transport voters to polling places (“vote haulers”), the name, address and occupation of that person must be itemized on the report, regardless of the amount. Additionally, **ALL** payments made for this purpose must be made by check.

Campaigns are required to report the gross receipts and costs for each individual fundraising event. See page 49 for an explanation of what qualifies for a fundraising event. Keeping accurate records about an event while it is ongoing is extremely important. It is difficult to obtain or recreate this information once the event is over.

The following example reflects an event that was held on May 20. This event was sponsored by the campaign. Notice the report reflects the location and type of event that was held. The campaign records should contain the supporting information used to determine the amounts listed in Columns 4 and 5.

The sale of campaign paraphernalia is considered an event and must be reported on this schedule.

The amounts listed in Columns 4 and 5 are for informational use only. The receipts and costs associated with each event should already be reflected as some type of receipt or disbursement somewhere else in the Election Finance Statement.

**NOTE:** Each fundraising activity or event must be listed separately. This schedule must be filed with the Election Finance Statement covering the period in which the fundraising activity or event took place, and is for informational purposes only. All receipts must be itemized on Schedule 1A, Schedule 1B, Schedule 1C, Schedule 1D or be included in unitemized, cash, or anonymous totals on the Summary Page. All costs incurred in connection with fundraising activities or events must be included on Schedule 2, or as in-kind contributions.
Campaigns are required to disclose any expenditures “authorized, incurred or made.” This means that debts or obligations owed by the campaign must be shown on Schedule 4.

The first entry is an example of a candidate loan given to the campaign in a previous reporting period. Also, during a previous reporting period, a payment was made toward the balance of this loan. Remember, when the candidate gave the loan, it was reported on Schedule 1A. When the campaign makes a repayment to the candidate, it is made on Schedule 1A as a “Receipt Adjustment.” Both the receipt of the loan and the repayment are shown on Schedule 4. During the current reporting period, a portion of the repayment shown on Itemized Receipts, Schedule 1A, is applied to the balance of the January 1, XX, loan amount. Column 7 shows the “outstanding balance at close of this period.” (Column 4 minus Columns 5 and 6 equals Column 7.)

When a campaign knows the amount of an outstanding bill or invoice for a purchase, that amount should be shown as an unpaid bill. SUMMARY PAGE INSTRUCTIONS

COLUMN 1

After all the schedules have been completed for a reporting period, totals should be transferred to the corresponding line on the Summary Page. This process should complete most of the required entries.

In the receipts section of the Summary Page, cash, anonymous and unitemized contribution totals must be entered. These totals (Lines 1c, 1d, 1e) are derived from campaign records. These totals should **not** include any amounts from PACs, Executive Committees or Caucus Campaign Committees.

If the candidate assumes any of the Debts and Obligations amount on Schedule 4, exclude the assumed amount from the total entered on the Summary Page Line 5. See page 93. In this example, the Total Debts and Obligations equals the Amount Assumed by Candidate. Therefore, a zero is entered on Line 5.

COLUMN 2

The amounts in Column 2 should reflect a *running or aggregate total* for the appropriate election for each item listed. Column 2 can be completed after all the totals in Column 1 have been entered. Each item in Column 2 equals the sum of the corresponding item in Line 1 plus the corresponding item in Column 2 from the previous report filed.

In this case shown on Line 1a, itemized receipts this period (Column 1) are $4,800. Imagine that the previous report, dated April 14 through May 11, XX shows $4,200 in Line 1a, Column 2. These two figures added together equal $9,000 as shown in Column 2 on this report.

BALANCE STATEMENT

This section should reflect the campaign’s monetary activity during the period. The ending balance on Line 10 should equal the campaign’s checkbook balance for the last date of the report.

PAC, EXECUTIVE COMMITTEE, AND CAUCUS CAMPAIGN COMMITTEE WORKSHEETS

The PAC, Executive Committee, and Caucus Campaign Committee worksheets must be completed within sixty days after the date of the election. The law states that any adjustments that are necessary may be made without penalty within sixty days of the election. Otherwise, the campaign may be subject to action by the Registry.

Up to 50% or $10,000, whichever amount is greater, of total contributions per each election may be retained from PACs. The same statement applies to Executive Committees and Caucus Campaign Committees. Therefore, it is necessary to compute these amounts on the appropriate schedules.

All three schedules are calculated in the same manner. It is only possible to have an adjustment in one of the calculations, never in all. If you have determined that PAC, Executive Committee and Caucus Campaign Committee receipts need to be adjusted, something is wrong.

TOTAL PAC, EXECUTIVE COMMITTEE, CAUCUS CAMPAIGN COMMITTEE RECEIPTS AND TOTAL RECEIPTS PER ELECTION

In the boxes that run down the left side of the worksheet, transfer the totals from the indicated line in Column 2 on the Summary Page. If the total in Box A is $10,000 or less, STOP! The campaign is within the allowable $10,000 in receipts from PACs, Executive Committees, or Caucus Campaign Committees depending on the schedule worked. See an example of a PAC Worksheet on page 98.

If the total in Box A is over $10,000, continue working through the boxes until you have computed the total for Box B. Enter the sum of Boxes A and B in Box C. See the example on page 100.

PAC, EXECUTIVE COMMITTEE OR CAUCUS CAMPAIGN COMMITTEE PERCENTAGE CALCULATION

Next complete the PAC, Executive Committee or Caucus Campaign Committee Percentage Calculation, depending on the schedule being worked. Divide the amount in Box A by the amount in Box C. If the percentage is 50% or less, STOP! - The campaign is within the allowable 50% of receipts from PACs, Executive Committees, or Caucus Campaign Committees depending on the schedule being worked. The example shown on page 100, however, is over the 50% threshold. Continue to the section titled “Making the Adjustment.” (See page 105)
Step 1: Compute the Adjustment Amount

(Line 1) Total PAC Receipts (Box A) _________

(Line 2) Line 1 x 2 x 2

(Line 3) = Total Adjusted Receipts = _________

(Line 4) - Total Receipts (Box C) - _________

(Line 5) = Adjustment Amount = _________

Step 2: Check Your Calculation

To recompute:

\[
\frac{A. \text{ Total PAC Receipts}}{\text{Line 3: Total Adjusted Receipts}} = 50\%
\]

Step 3: Choose Your Adjustment Option

- Candidate contributes entire Adjustment Amount to campaign account.
- Accept non-PAC contributions to the campaign account up to the Adjustment Amount (must be done by 60 days after the election).
- Refund entire Adjustment Amount from campaign account to PACs

Note: If the amount of PAC receipts over $10,000 is less than the adjustment amount on Line 5, only the amount over $10,000 needs to be refunded.

- Refund excess amount of contribution over $10,000 from campaign to PACs
- Refund 1/3 of Adjustment Amount from campaign account, accept non-PAC contributions equal to 1/3 of the Adjustment Amount, and candidate contributes 1/3 of Adjustment Amount to campaign account.

Be sure to itemize any additional receipts on Schedule 1B. Also, itemize any refunds made as a receipt adjustment on Schedule 1B.

\]

If Caucus Campaign Committee receipts percentage is 50% or less, **STOP HERE**. Otherwise, calculate adjustment below.
MAKING THE ADJUSTMENT

Follow the instructions in Step 1 to compute the amount of adjustment necessary to comply with the 50% limitation on PAC, Executive Committee or Caucus Campaign Committee contributions. The amount on Line 5 is the amount the candidate must contribute to the campaign or the amount of refunds to be made to PACs, Executive Committees, or Caucus Campaign Committees depending on the worksheet being completed.

Check the math. If Step 2 equals 50%, it is time to move to Step 3: “Choose Your Adjustment Option.”

It is up to the campaign/candidate to decide which adjustment option to choose. If sufficient funds are not available to make the refund, the candidate may contribute the Adjustment Amount or continue to receive contributions up to the Adjustment Amount. *(Remember - the statute requires that the adjustment must be made within 60 days of the election.)*

Additional receipts received by the campaign should be reported on the appropriate schedule. The amount of contributions this period should be updated on each schedule and in Column 1 of the Summary Page. Column 2 of the Summary Page, Cumulative This Election, should be updated as well.

If the campaign has sufficient funds remaining, the entire amount can be refunded to the committee(s) that put the campaign over the 50% limit. If the amount over the $10,000 is less than the adjustment amount, only the amount over $10,000 needs to be refunded.

**EXAMPLE:** *(This example uses PAC receipts, but this method applies to PACs, Executive Committees and Caucus Campaign Committees.)*

```
IF PAC & TOTAL RECEIPTS WERE   =$11,000
   LESS     -10,000
DIFFERENCE   $   1,000
```

In this example, only the $1,000 needs to be refunded. This $1,000 refund brings the PAC receipts to $10,000.

Refunds made to PACs, Executive Committees, or Caucus Campaign Committees should be shown as a “receipt adjustment” on the appropriate schedule. List each committee to whom a refund was made on Schedules 1B, 1C, or 1D, depending on the committee type. The amount of refund will reduce the committee’s Cumulative for Election amount on the reporting schedule. The amount of contributions this period should be updated on each schedule and in Column 1 of the Summary Page. Column 2 of the Summary Page, Cumulative This Election, should be updated as well.
MAKING THE ADJUSTMENT

Refunds made to PACs, Executive Committees, or Caucus Campaign Committees should be shown as a “receipt adjustment” on the appropriate schedule. List on Schedule 1B, 1C, or 1D, depending on the committee type. List each committee to whom a refund was made. The amount of refund will reduce the committee’s Cumulative for Election amount shown in Column 4.

EXAMPLE:
The sample Executive Committee receipts worksheet (Line 5, page 100) determined the Executive Committee Adjustment Amount is $1,745. The last Executive Committee contributions received are refunded as “receipts adjustments” on Schedule 1C (as shown below) and make Executive Committee’s receipts equal 50% of total campaign contributions.

Notes:
CLOSING THE CAMPAIGN

If the campaign decides to terminate, it must liquidate all assets. The sale of campaign assets such as furnishings and equipment, are reported as “Other Receipts” on “Itemized Receipts” Schedule 1A, in Column 4c of the Election Finance Statement. Any excess funds in the campaign account must be disposed of in a manner permitted by statute (explained below), and the campaign must file a final report showing a zero balance.

Surplus Campaign Property

Campaign paraphernalia or signs are considered to be of no value to anyone besides the campaign and it is understood that these materials cannot be liquidated.

However, if these materials are stored by the candidate until the next election and are donated to the new campaign, the materials must be assessed at the fair market value and reported as an in-kind contribution from the candidate to his or her campaign.

Disposition of Unexpended Campaign Funds

KRS 121.180(10)

When the campaign is over and there are unexpended funds in the campaign account, those funds may be disposed of in whole or in part as follows:

- Escheat to the State Treasury;
- Be returned pro rata to all contributors;
- Be transferred to the state or county executive committee of your political party or to a caucus campaign committee if you were a partisan candidate;
- Be retained to seek the same office; or
- Be donated to any charitable, nonprofit, or educational institution recognized under Section 501(c)(3) of the U. S. Internal Revenue Code.
Termination Report

A final report must be filed showing that all outstanding debts have been paid or assumed by the candidate, and that the campaign account has a zero balance. The final report may be filed as soon as these requirements have been met. It is not necessary to wait until the next regular reporting deadline. (The reporting form contains a termination box to mark when the candidate is filing the final report and terminating the account.)

Custodian of Records

The candidate must authorize someone to preserve the campaign’s records for six years after the last report has been filed. The Registry should be supplied with the name, mailing address, and phone number of the individual responsible.
HELPFUL TIPS FOR 60-DAY POST REPORTING

The following examples are provided to assist you in completing your 60-Day Post Election Finance Statement. If you are unsure how to report any item, please call our office at 502-573-2226 for assistance. We will be glad to help you.

EXAMPLE 1: CONTINUED REPORTING OF CAMPAIGN DEBT

Campaign debt incurred for the current campaign must be reported using the current KREF filer number. Unlike excess funds, campaign debt cannot roll forward to the next election. All unpaid debt and excess funds up to the amount of the unpaid debt must continue to be reported using the current KREF filer number. Contributions received to assist the campaign in paying down the debt should be reported using the KREF filer number for the election in which the debt was incurred.

EXAMPLE 2: REPORTING CONTRIBUTIONS FOR THE NEXT ELECTION

Candidates who have begun to receive contributions for the next election will need to contact the Registry to obtain a new KREF filer number for the specified election. These receipts will be reported on the Election Finance Statement for the next election.

EXAMPLE 3: ROLLING FORWARD ANY EXCESS FUNDS

If you decide to use any excess funds in your current campaign finance account towards the next election (to the same office), you will need to contact the Registry to obtain a new KREF filer number for the next election. First, you will report the transfer of the excess funds as an Itemized Disbursement on Schedule 2 of your 60-Day Post Election Finance Statement. Use words such as “balance transfer to next election” in the Purpose of Disbursement column. Below is an example of these excess funds being transferred from the candidate’s previous campaign to the candidate’s next campaign:

<table>
<thead>
<tr>

EXAMPLE 4: CLOSING DOWN YOUR CAMPAIGN ACCOUNT/TERMINATION

If all debt from the previous election has been satisfied (paid or assumed) and you have disposed of any excess funds as allowed under KRS 121.180(10), you may choose to close your current campaign finance account. This will eliminate any additional reporting to the Registry. To close this account, you must have an ending balance of zero on the Summary Page of the Election Finance Statement. You also must mark box g, Termination, and indicate the termination date on the Cover Page of the Election Finance Statement.

Notes:
INAUGURAL COMMITTEE

If your campaign wishes to have an inaugural event, the following information will provide guidance regarding the registration and reporting required for an inaugural committee.

**How to Form a Committee**

KRS 121.170(1)

Any committee which is organized under KRS Chapter 121 shall register with the Registry, by filing official notice of intention at the time of organization, giving names, addresses, and positions of the officers of the organization and designating the candidate or candidates, or slate of candidates being supported on forms prescribed by the Registry. This may be accomplished by notifying the Registry that you wish to establish an inaugural committee. The Registry will then provide form KREF 010 for the committee’s completion.

**What is an Inaugural Committee?**

KRS 121.015(3)(f)

Inaugural committee means one (1) or more persons who receive contributions and make expenditures in support of inauguration activities for any candidates or slate of candidates elected to any state, county, city, or district office. The committee is then responsible for submitting Election Finance Statements as required by KRS 121.180(6)(d).

**Contributions**

KRS 121.150

A contribution is defined in KRS 121.015(6)(a) as any payment, distribution, loan, deposit, gift of money, or other thing of value, given to a committee.

A contribution does not include services provided without compensation by individuals volunteering a portion or all of their time on behalf of a committee.

**Corporate contributions under KRS 121.150(20):** No inaugural committee nor anyone on its behalf shall knowingly accept a contribution from a corporation, either directly or indirectly.

**Anonymous Contributions under KRS 121.150(3):** No inaugural committee may accept any anonymous contributions in excess of $50. If an anonymous contribution in excess of $50 is received, the excess must be returned to the donor if the contributor can be traced. If the donor cannot be determined, the excess contribution shall escheat to the state. No inaugural committee may accept total anonymous contributions in excess of $1,000 per election. Any anonymous contributions in excess of the aggregate limit escheat to the state.
Cash Contributions under KRS 121.150(4): No inaugural committee may accept aggregate cash contributions in excess of $50 per contributor.

Contributions by Minors under KRS 121.150(5): No inaugural committee may accept a contribution in excess of $100 from any person who will not become eighteen (18) years of age on or before the date of the next general election.

Contributions by check or written instruments under KRS 121.150(6): Contribution limits under this statute are not applicable to inaugural committees. There is no limit on the amount of a contribution by check or written instrument to an inaugural committee.

Giving in the name of another under KRS 121.150(12): No person shall make a payment, distribution, loan, advance, deposit, or gift of money to another person to contribute to an inaugural committee or anyone on their behalf.

Duties of Inaugural Committee and Treasurer
KRS 121.160(2); KRS 121.180(6)(a)-(d)

An inaugural committee’s treasurer shall designate a depository bank in which the primary account shall be maintained and deposit all contributions in that account. The treasurer should keep detailed and exact accounts of: (1) all contributions from permanent committees; (2) all contributions in excess of $100 by date, name, address, occupation and employer of each contributor; (3) an aggregate amount of cash contributions, the amount contributed by each contributor, and the date of each contribution; and (4) a complete statement of all expenditures authorized, and incurred or made. See also KRS 121.170(3)

Notes:
Expenditures

Expenditures by Check under KRS 121.160(2)(c): All expenditures must be made from the inaugural committee’s account. Each expenditure must be recorded to reflect the date, purpose, and amount. Expenditures of $25 or more must be made by check and must be itemized to reflect the name, address and occupation of the person to whom the expenditure was paid, as well as the date and purpose of each expenditure.

Allowable Campaign Expenditures under KRS 121.175: All expenditures should be directly related to the inaugural event.

Depository
KRS 121.220

Each committee shall, before receiving any contributions or expending any money, designate one primary depository for the purpose of depositing all contributions received and disbursing all expenditures made by the committee.

Reporting Dates
KRS 121.180 (6)(d)

Inaugural committees shall report on the last day of the first calendar quarter following the registration of the committee with the registry and on the last day of each succeeding calendar quarter until such time as the committee terminates.

Record Retention
KRS 121.160(2)(d)

The committee’s treasurer must retain all receipted bills and records for six (6) years from the date the last report is filed.

Prohibitions
KRS 121.320(1)

No person shall obtain or attempt to obtain money by assessment or coercion from any state or federal employee. Every assessment and each act of coercion shall constitute a separate offense.

Penalties
KRS 121.990

Any person who knowingly violates any of the provisions of KRS 121.150 to 121.230 shall, for each offense, be guilty of a Class D felony.
COMPLAINTS
KRS 121.140; 32 KAR 2:030; 32 KAR 2:040; 32 KAR 2:050; 32 KAR 2:210

Upon receipt of a sworn, written complaint, the General Counsel is required to notify the alleged violator (respondent) that a complaint has been filed. The respondent has 15 days to provide a written response. The General Counsel then determines if there is reason to believe that a violation may have occurred or is about to occur. An investigation will be conducted. Upon completion of the investigation, the General Counsel will report his or her findings and make a recommendation to the Registry for further action. The respondent will be notified in writing of any action by the Registry.

If the Registry finds probable cause that a civil violation has occurred, the matter is referred to the General Counsel and Executive Director for conciliation with the respondent. A Conciliation Agreement may require the respondent to comply with one or more of the following:

- To cease and desist violations of the law;
- To file required reports or other documents or information;
- To pay a penalty not to exceed $100 a day, up to a maximum total fine of $5,000, for failure to file any report, payment of an administrative fee, or other document or information required by law until the report, fee payment, document, or information is filed; except that there shall be no maximum total fine for candidates for statewide office; or
- To pay a penalty not to exceed $5,000 per violation for acts of noncompliance with provisions contained in KRS Chapter 121.

If the respondent complies with the Conciliation Agreement and the Registry approves, no further action will be taken in the matter. However, if no Conciliation Agreement is reached, a hearing may be conducted before a retired or former judge or justice appointed by the Chief Justice of the Kentucky Supreme Court. The judge shall render a decision which, upon approval by the Registry, may order the respondent to comply with the same provisions discussed above. Conciliation Agreements and Final Orders of the Registry may be enforced in Franklin Circuit Court or other court of competent jurisdiction.
It should be noted that, pursuant to administrative regulations promulgated by the Registry, failure to comply with the reporting requirements contained in KRS 121.180 shall constitute prima facie evidence of probable cause to believe a violation has occurred. The General Counsel and Executive Director may immediately enter into conciliation negotiations with the respondent.

**How to File a Complaint**
32 KAR 2:030

If you wish to file a complaint with the Registry, you must comply with the following:

1. The complaint should be filed with the General Counsel of the Registry;
2. The complaint must be in writing;
3. The complainant shall provide his or her full name and address;
4. The contents of the complaint shall be sworn to and signed in the presence of a notary public, and must contain an appropriate notary certification;
5. The statements contained in the complaint shall be made under penalty of perjury.
6. The complaint must clearly identify the respondents and provide their addresses;
7. The statements which are not based on personal knowledge of the complainant must be accompanied by an identification of the source of the information which leads the complainant to believe the truth of his or her statements;
8. The complaint must contain a clear and concise recitation of facts supporting his or her allegations; and
9. The complaint must be accompanied by documentation, if known and available, which supports the allegations.

**Referrals for Prosecution**
KRS 121.140(5); KRS 121.990

If the Registry determines there is probable cause to believe that campaign finance law has been violated knowingly, the Registry will refer the violation to the Attorney General for prosecution. A violation committed knowingly constitutes a Class D felony. The Attorney General may request the General Counsel for the Registry or the appropriate County or Commonwealth’s Attorney to prosecute the matter.
**Right to Appeal**
KRS 121.140(6)

Any person directly involved or affected by a final decision of the Registry, other than a referral for prosecution, may appeal the final decision within 30 days after the date of the Registry’s Order. Appeals may be brought in Franklin Circuit Court.

**ADVISORY OPINIONS**
KRS 121.135; 32 KAR 2:060

Any person may request an Advisory Opinion from the Registry concerning the application of campaign finance laws to a specific transaction or activity by the person. Requests must be in writing, and must identify the person(s) involved in the specific activity. **General questions of interpretation or questions posing a hypothetical situation or regarding actions by a third party shall not be considered for an Advisory Opinion by the Registry.** The Registry is required to issue an Advisory Opinion within 30 days of receipt of the request. If a candidate, slate of candidates or a campaign committee requests an opinion not more than 30 days before an election which the candidate or slate of candidates is to appear on the ballot, the Advisory Opinion must be issued within 20 days after the Registry receives the request.

An Advisory Opinion issued by the Registry is binding only as to the person involved in the specific transaction or activity with respect to which the Advisory Opinion is rendered. If a person or committee to whom an Advisory Opinion has been issued acts in good faith in accordance with the terms of the Advisory Opinion, it shall be a defense against any sanction provided by law or administrative regulation. It shall be no defense in any civil or criminal proceeding for a person to rely on an Advisory Opinion if he or she was not the party involved in the specific transaction or activity with respect to which the Advisory Opinion was rendered.

**PENALTIES**
KRS 121.990

The penalty for knowingly violating the provisions of KRS Chapter 121 may result in conviction of a Class D felony. Substantial civil penalties may also be assessed for violations committed not knowingly.

Corporations convicted of knowingly violating the campaign finance laws stand to have their corporate charters revoked or lose their ability to do business in Kentucky, and face substantial fines. In the case of a knowing violation by an individual, a Class D felony conviction may result.
